YOUR PATHWAY
TO A DEGREE FROM THE UNIVERSITY OF SOUTH AUSTRALIA

The South Australian Institute of Business and Technology (SAIBT) and the University of South Australia (UniSA) enjoy a strong partnership that spans more then 18 years and has produced more than 6,000 successful graduates.

SAIBT offers an accelerated pathway to UniSA. Australian citizens, permanent residents and international students choosing the SAIBT pathway will graduate with their SAIBT Diploma and then have the option to continue directly into the second year of over 90 Bachelor Degrees at UniSA.
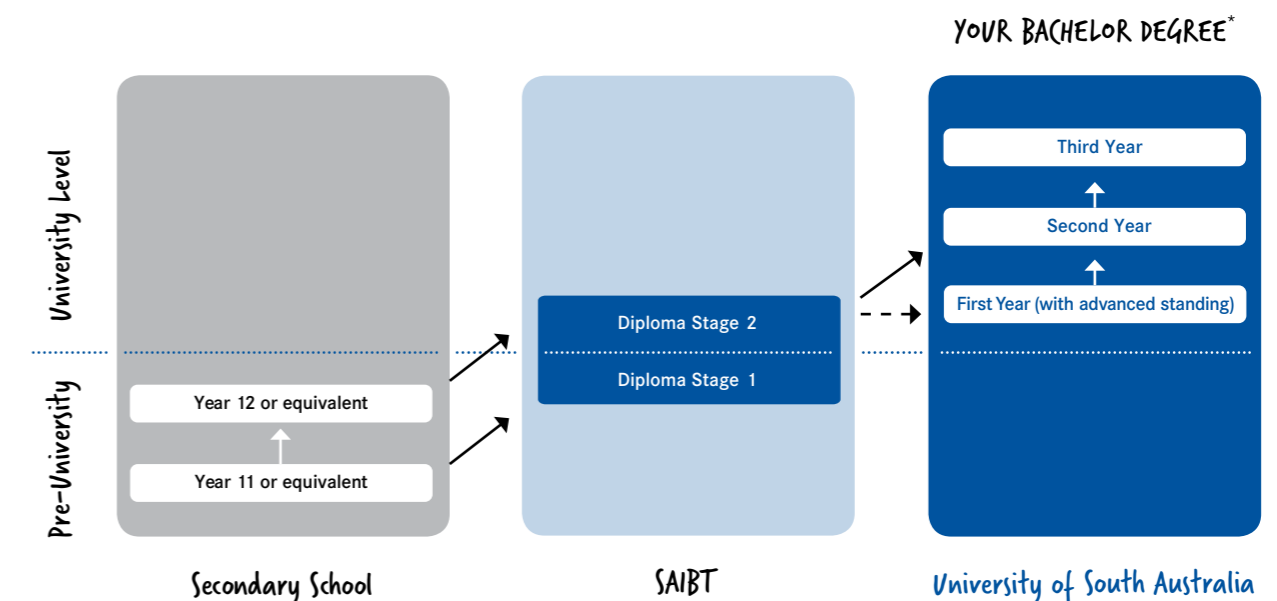

SAIBT is for students who:
- Successfully complete Year 11
- Complete Year 12 but do not attain an ATAR
- Do not meet ATAR entrance requirements to get directly into UniSA
- Do not complete enough SACE subjects at high school
- Are a mature-aged student who does not meet mature-age university entry requirements (assessed case-by-case)

SAIBT is located on UniSA's City East campus. SAIBT students have access to all UniSA services and facilities and study in a vibrant and diverse learning environment with small class sizes and personalised teaching.

SAIBT is also part of the global Navitas Group, an internationally recognised education provider with more than 120 colleges and campuses world wide.

Your future starts here

- SAIBT offers diplomas that lead into Year 2 of most undergraduate degree programs at the University of South Australia.
- SAIBT students have access to small classes and high levels of academic and personal support from qualified staff.
- Students have access to all University of South Australia facilities and study in a central city University location.
- The University of South Australia is SA's #1 University for graduate careers.*

*QILT: Graduate Outcomes Survey 2016-18 – Full-time Employment Indicator (Undergraduate). Public SA founded universities only.

"I chose to study at SAIBT as I did not get an ATAR at high school. SAIBT is providing me with not only a Diploma of Arts but also a pathway into my second year of the Bachelor of Psychological Science. Throughout my time at SAIBT I have made life-long friends, gained skills to benefit me throughout my studies and in life and have had amazing support from the staff at SAIBT."
