# The journey starts *here*

Welcome to the University of South Australia. We are a globally connected and engaged university helping solve the problems of industry and the professions. Our teaching is industry-informed, our research is inventive and adventurous. We create knowledge that is central to global economic and social prosperity. Our graduates are the new professionals, global citizens at ease with the world and ready to create and respond to change.

*We are Australia's University of Enterprise.*

City West Campus / Featuring the newly-opened Pridham Hall with a fully-equipped sport centre, swimming pool and graduation space, along with the award-winning Jeffrey Smart Building including state-of-the-art learning spaces, library and tech zone.

# DISCOVER ADELAIDE

---

The University of South Australia is located in Adelaide, Australia's education city. Adelaide is a cultural destination, filled with many different nationalities, foods, festivals and sporting events. It is home to some of the country's best beaches, wine regions and parklands, all in very close proximity to the city centre. Adelaide has been globally recognised for its education, environment, stability, health care, culture and infrastructure. It is the ideal study location and with free Wi-Fi, free tram and free bus services throughout the city centre, Adelaide is truly a student city.

An aerial photograph of a coastal city, likely Adelaide, South Australia. The city is densely packed with buildings, mostly residential, with a mix of colors for roofs. In the foreground, a long wooden pier extends from the city into the clear, turquoise ocean. To the left of the pier is a sandy beach. The background shows rolling hills under a bright blue sky with scattered white clouds. Three circular callouts are overlaid on the top half of the image, each containing text about the city's accolades.

**RANKED AS THE  
WORLD'S 10th MOST  
LIVEABLE CITY**

*2018 Economist Intelligence  
Unit's Global Liveability Index*

Glenelg Beach / Located just 12 kilometres away from the city, Glenelg offers classic seaside charm with a white sandy beach known for great swimming, diving, snorkelling and dolphin spotting.

---

## Accessible

Adelaide offers all the advantages of big city life but is still small enough to get around easily. It takes just 15 minutes to get from the airport to the city and 20 minutes from the city to the beach or hills.

## Inclusive

Almost one in four people in South Australia were born overseas with ancestry tracing back to more than 120 countries. Australia also has a democratic system of government and is accepting of different religious beliefs.

## Affordable

Adelaide has one of the highest standards of living in the world, yet is one of the least expensive. This means more money to spend on food, accommodation, supplies, travel and entertainment.

# STUDY EXPERIENCE

---

## World-class degrees

The University of South Australia offers over 200 world-class degrees across a wide range of study areas. Our undergraduate degrees include Aviation, Journalism, Illustration and Animation, Pharmacy, Property and Physiotherapy. We also have distinctive postgraduate offerings including Cybersecurity, Surveying, Visual Effects, and Arts and Cultural Management.

## Practical learning

Learn in a highly practical environment. Complete an internship or placement during your studies, learning from experts in real-world settings. Build your networks and graduate career-ready with the skills required of tomorrow's professionals.

## Top ranking teachers

Be supported by highly qualified academics and teaching professionals. Study a curriculum based on the latest industry knowledge and trends. In fact, we are ranked as Australia's best young university for teaching quality in the 2018 Times Higher Education Young University Rankings.

[unisa.edu.au/study](https://unisa.edu.au/study)

## Modern facilities

Study in state-of-the-art facilities fitted with the latest technologies. From replica hospital settings to a simulated financial trading room, robotics laboratories, and TV and sound studios, there are modern, purpose-built learning spaces across all campuses.

## Global opportunities

Take part in international field trips, work placements, internships, study tours, short-term programs, volunteer opportunities, conferences or a student exchange during your studies. Get a global perspective and a competitive advantage before you graduate.

## Career services

Get the support you need to achieve your career goals. Our dedicated career team offers a range of services, resources and tools to help you plan your future career, prepare for the workplace, connect to industry, and find a job in your chosen field.

Health Horizon Hospital Service / A fully interactive learning space replicating a real hospital setting at City East Campus.

UniSA Cancer Research Institute / A newly-opened A\$247 million facility focused on world-leading health research.

## Ranked #1 in Australia for industry research income

2019 THE World University Rankings

## RESEARCH EXCELLENCE

Our research is innovative, inspired by challenges, and connected to both industry and community needs. We offer a range of research degrees including Masters by Research, Doctor of Philosophy (PhD) and a Professional Doctorate. Our research degrees are focused on producing new knowledge, providing solutions to global challenges and preparing candidates for competitive careers.

[unisa.edu.au/resdegrees](http://unisa.edu.au/resdegrees)

IRESS Trading Room / A state-of-the-art learning facility featuring live market data and financial analysis tools at City West Campus.

## Industry connections

Our learning is influenced by industry, and the latest trends and demands. We collaborate with over 2,500 companies worldwide to bring our students placement, project, research and work opportunities.

INSPIRED WORK

**“Our graduates are highly sought after and they leave not only with the right skills, but also with a hunger for knowing more about how their profession can better shape the built environment. Personally, this is a very rewarding job. It’s the everyday lightbulb moments and when students make large shifts in their understanding about design that really make my day.”**

*Andrew Wallace  
Program Director: Bachelor  
of Interior Architecture*

**“As part of my studies I completed a number of placements including one at the new Royal Adelaide Hospital in both the emergency and plastic surgery departments. Placements helped me to develop my knowledge and apply it to clinical practice. The University also offered pre-clinical workshops and practice simulations to help us become familiar with the real working environment.”**

**Winnie Zhao  
Bachelor of Nursing**

## VOLUNTEER YOUR TIME

We can help you connect with an organisation and become a volunteer during your time at university. It's a great way to give back to the community, gain valuable life experience and add extra value to your resume.

[unisa.edu.au/volunteering](https://unisa.edu.au/volunteering)

## JOIN OUR ALUMNI NETWORK

When you graduate you will become part of our global alumni network. We have over 200,000 alumni around the world, supported by formal networks in Hong Kong, China, Singapore, Malaysia, Vietnam, Indonesia and the United Kingdom.

[unisa.edu.au/alumni](https://unisa.edu.au/alumni)

## RANKED IN THE TOP 10 IN AUSTRALIA FOR EMPLOYER SATISFACTION

# GETTING TO CAMPUS

## Airport pick up

*Did you know we can meet you at the airport?*

We offer a free on-arrival reception service. Complete the online booking form before you leave home and we'll collect you and your bags as soon as you step off the plane.

[unisa.edu.au/airport-pickup](https://unisa.edu.au/airport-pickup)

## PUBLIC TRANSPORT

It's so easy to get around the city with free trams and buses running through the CBD. There are also bus stops near each campus and train stations close to the city and Mawson Lakes campuses. You can explore all bus, train and tram options on the Adelaide Metro website and international students are entitled to discounted tickets.

## CAMPUS CONNECTOR

We run a free bus service between the Magill and Mawson Lakes campuses to make travelling easier for students who need to make the journey or live in the surrounding suburbs.

## RIDE YOUR BIKE

Adelaide is known for its bicycle culture, so we encourage students to ride their bikes to and from campus. Each campus has shower facilities and secure storage areas.

# STUDENT LIFE

## ORIENTATION

Start your university adventure by attending *O-Week*. Meet your lecturers, connect with new people, and gain valuable insights from current students. Enjoy a free lunch and activities, explore your home campus and get ready for your first day at university.

[unisa.edu.au/orientation](https://unisa.edu.au/orientation)

## STUDENT CLUBS

Discover the 100+ academic, cultural and social clubs available at the University of South Australia. From dance and yoga to climate change, gaming and clubs for different nationalities – there is something for everyone! It's a great way to meet new friends, find common interests with fellow students and build a more vibrant university experience.

[unisa.edu.au/clubs](https://unisa.edu.au/clubs)

## EVENTS AND ENTERTAINMENT

We host a wide range of events every year. From career expos and campus fairs to volunteering expos, Unitopia (celebrating relaxation and wellbeing) and Multicultural Week – there is always something to do.

## UNISA SPORT

Get involved with UniSA Sport and join one of our 25+ sporting clubs including rowing, basketball, volleyball, netball, football, gridiron, rock climbing, and more. Gain access to the new A\$50 million Pridham Hall at City West Campus with a fully-equipped space for training and competitions. You can also sign up for a range of sports tournaments from social to national level, keep active in our on-campus fitness centres, and participate in community events.

[unisa.edu.au/unisaport](https://unisa.edu.au/unisaport)

University of South Australia  
Student Association

USASA is your student association. They are a non-profit student-owned organisation focused on providing key services and a voice for students at the University. USASA coordinates student advocacy, clubs, second-hand book sales, social events, the student magazine, on-campus service counters and giveaways.

# STUDENT SUPPORT

---

**We offer a full range of support services to help you succeed at university.**

- » Academic and personal counselling
- » Career advice
- » Social support services
- » Mentoring
- » Disability and inclusion services
- » Health services
- » Legal advice
- » Accommodation support
- » International student services
- » Language and learning assistance
- » On-arrival welcome
- » Orientation activities

[unisa.edu.au/international](http://unisa.edu.au/international)

## Library services

Each campus has a library that provides easy access to learning resources including books, electronic journals, databases and more. There are also library workshops designed to help improve your research skills. Quiet study spaces are available and you can connect to our free Wi-Fi.

The *Ask the Library/IT* service is also available via phone, email, video and chat.

**No.2 IN  
AUSTRALIA FOR  
STUDENT SERVICES**

*2018 International Student  
Barometer – Campus Central  
Student Advisory Services*

## Online learning and support

Our multi-million dollar fully interactive learning environment allows students to submit their assignments online, receive their marked assignments, access learning resources, participate in virtual classrooms and download lecture recordings. It's available 24 hours a day, seven days a week.

## Student app

Our mobile app allows all students to view their timetable, check emails, get important notifications, track assessments and see course enrolments and details. You can also find available PCs on campus, book a study room, check your print quota and library loans, and view announcements.

## SafeZone app

Students can download this free app, providing additional security and support when studying on campus. The app allows you to get help quickly in a personal emergency. You can check-in when working alone or after hours and the app will share your status with an on-site response team.

## Getting started

We are here to help you transition into university. We offer the following services to all new students:

- ✓ On arrival transport to your accommodation
- ✓ Advice on living in Adelaide
- ✓ Orientation to university
- ✓ Understanding your working rights in Australia
- ✓ Finding community and government services
- ✓ Accessing academic policies and procedures

## Scholarships

Each year more than 2,500 students benefit from our scholarships and grants, totalling millions of dollars. We have a range of categories including support for high achievers and students in need, along with scholarships specifically for international students.

[unisa.edu.au/international-scholarships](http://unisa.edu.au/international-scholarships)

### AUSTRALIA AWARDS

The Australia Awards are a prestigious Australian Government initiative offering the next generation of global leaders an opportunity to complete study, research and professional development in Australia. The University is proud to have hosted hundreds of Australia Awards recipients from all across the world.

[australiaawards.gov.au](http://australiaawards.gov.au)

### SPONSORED STUDENTS

A sponsored student is someone who has all or part of their education costs paid by a third party, such as a foreign government, the Australian Government, a partner university or employer. We currently host over 200 sponsored students and have the support services in place to ensure they achieve their best.

[unisa.edu.au/sponsored-students](http://unisa.edu.au/sponsored-students)

Study a degree recognised by the world’s largest HRM body – the Society for Human Resource Management (SHRM). Learn about the latest discoveries in human resources including recruitment, training, performance, retention, industrial relations and employment law. Develop a deep understanding of effective management systems and leadership skills in a global context, with a focus on workplace culture and the health and wellbeing of employees. Benefit from a curriculum informed by world-class research, which focuses on current and future workplace challenges. Complete advanced electives in your final year to develop your research skills, work through a business simulation project, or undertake an industry placement to build your practical experience. Graduate with a qualification accredited by the Australian Human Resources Institute (AHRI) and be eligible for professional membership.

PROGRAM CODE: **DBLS** | CRICOS CODE\*: **082890D**

*\*see pages 99–100 for details*

Prepare for a career in the private, public or legal sectors. Learn about the foundations of law and the Australian legal system, and develop a strong understanding of the law in everyday business operations. Study fundamental courses covering areas such as management, economics and accounting, and entrepreneurship. Combine this with courses in law, public law, torts and contracts. You will also study a range of electives to tailor your degree – four in legal studies and four in business-related courses. Gain valuable practical experience by embedding an internship into your studies and seek career mentoring from legal professionals. Take a direct pathway into the Bachelor of Laws (Honours) or Bachelor of Laws (Honours) Double Degree – academic criteria applies.

*Note: This degree does not provide the educational requirements to practise law, however you may have the opportunity to transfer into the Bachelor of Laws (Honours) or Laws (Honours) Double Degree if you meet the eligibility requirements.*

### CAREERS

Court or legal clerk / legal secretary / paralegal / legal adviser / government affairs adviser / policy adviser

### DEGREE STRUCTURE

#### FIRST YEAR

Business Law  
Accounting for Business  
Foundations of Law  
Torts A

Marketing Principles: Trading and Exchange  
Quantitative Methods for Business  
Business and Society OR International Study Tour  
Career Development for Professionals

#### SECOND YEAR

Principles of Economics  
Business Intelligence  
Management and Organisation  
Contracts A

Principles of Public Law  
Entrepreneurship for Social and Market Impact  
2 x Electives

#### THIRD YEAR

Strategic Management  
2 x Legal Studies Electives  
International Business Environments

2 x Legal Studies Electives

Learn to create innovative and sustainable designs that have a positive and lasting impact. Gain a solid foundation in the theoretical aspects of design along with a strong understanding of industry trends such as modern workplace and furniture design. Apply design processes and strategies to a range of interior architecture projects and work directly with professional clients to transform places and spaces. Tailor your studies in final year by pursuing an area of interest such as retail design, hospitality design, furniture design or related fields. Participate in national and international study tours, competitions and exhibitions. Study in purpose-built design and architecture studios on campus, connect with a design mentor and gain practical experience by completing an industry placement. After graduation you will also be eligible for Graduate Membership with the Design Institute of Australia (DIA).

### CAREERS

Interior designer / event designer / exhibition coordinator / lighting designer / design consultant / visual merchandiser / stylist / furniture designer / project manager / studio manager

Note: This degree does not lead to registration as an architect.

### DEGREE STRUCTURE

#### FIRST YEAR

Games: Industry, Culture and Aesthetics
Researching Culture
Historicising Place and Meaning
A History of Ideas

## Bachelor of Arts (English Language)

PROGRAM CODE: **MBAA** | CRICOS CODE\*: **097507D**

*\*see pages 99–100 for details*

Designed for students who speak English as a second language, this major is focused on developing proficiency in the English language and the intercultural expertise needed to undertake professional work in local and global contexts. Develop advanced English skills and a high-level understanding of how English affects the experience of individuals and communities around the world.

## DEGREE STRUCTURE

FIRST YEAR
English for Academic Use in Australia
English for Academic and International Communication
SECOND YEAR
English and the Art of Speaking and Writing
English in the Professions
THIRD YEAR
World Literatures and English
Language and Power
Language Variation and Diversity
Language Acquisition

## Bachelor of Arts (History and Global Politics)

PROGRAM CODE: **MBAA** | CRICOS CODE\*: **097504G**

*\*see pages 99–100 for details*

Examine the patterns and processes that have shaped our societies over time and develop the skills to analyse and predict events in our contemporary world. Study key areas such as framing global politics through film and television, global aid and development, world history trends, Australia in the Asian Century, and marginalisation in world affairs. Build the skills to work in aid organisations, research, higher education, or media and communications.

## DEGREE STRUCTURE

FIRST YEAR
Global Politics and Development
World History Trends and Transformations

SECOND YEAR
Australia in the Asian Century
Framing the International: Representations of Global Politics
THIRD YEAR
The Politics of Environmental Change in Australia and Asia
Power and Resistance: 1900–Present
United States History and Cultural Identities
Villains, Victims and Outsiders: Marginalisation in World Affairs

## Bachelor of Arts (Languages)

PROGRAM CODE: **MBAA** | CRICOS CODE\*: **081802F**

*\*see pages 99–100 for details*

Immerse yourself in another language. Learn French, Italian, Japanese or English (as an Additional Language) and enhance your skills by experiencing the language and culture through international exchange opportunities. Study in a Multimedia Languages Lab on campus where you can connect with native speakers from around the world in real-time. Graduate with a competitive advantage and take your career around the globe.

## DEGREE STRUCTURE

FIRST YEAR
Language 1A
Language 1B
SECOND YEAR
Language 2A
Language 2B
THIRD YEAR
Language 3A
Language 3B
European Languages In-Country OR Asian Languages In-Country OR Advanced Languages Studies: Translation and Research

## Bachelor of Arts (Law, Policy and Politics)

PROGRAM CODE: **MBAA** | CRICOS CODE\*: **098294D**

*\*see pages 99–100 for details*

Develop a strong understanding of global legal and political systems, international and domestic law, the politics of environmental change, and marginalisation in world affairs. Study courses that explore public international law, Indigenous legal systems, environmental politics and human rights. Explore the law from a global perspective and analyse the impact of policy across different political environments.

## DEGREE STRUCTURE

PROGRAM CODE: **MBJR** | CRICOS CODE\*: **082449K**

\*see pages 99–100 for details

Prepare for a career as a journalist or professional writer. Learn about the fundamental principles of journalism along with technical writing, editing, scriptwriting, and producing strategic marketing and communication materials. Develop the production skills required for news and online media including filming and editing functions. Complete a major in Journalism and Professional Writing covering topics such as journalism principles and practices, news writing, production and reporting, and intercultural communication. You can then select a sub-major from areas including Digital Media, Film and Television, Communication, Languages, or Marketing. Access modern, purpose-built facilities on campus including industry-standard TV and radio studios. Gain practical experience writing for student publications or broadcasting at our internet radio station. Participate in an internship or industry project during your final year. Third year students can also join the Media, Entertainment and Arts Alliance as adjunct members.

### CAREERS

Journalist / communications officer / copywriter / editor / sub-editor / reporter / scriptwriter / TV presenter / submissions writer / foreign correspondent / blogger / media adviser / public relations specialist

### DEGREE STRUCTURE

#### FIRST YEAR

Ideas, Innovation and Communication  
Journalism: Principles and Practices

Production for News and Social Media  
Media Contexts  
Sub-major

#### SECOND YEAR

Radio Journalism and Podcasts  
Writing and Editing for Publication  
Sub-major  
Elective

Media Law and Ethics  
Professional Writing  
Sub-major  
Elective OR Virtual Reality Storytelling

#### THIRD YEAR

Journalism Research Capstone  
Advanced News Writing  
Advanced Writing and Editing for Publication  
Sub-major

Television and Video Journalism  
Internship or Project  
Advanced Professional Writing  
Sub-major

### WE ALSO OFFER

**Bachelor of Marketing and Communication**

**Bachelor of Laws (Honours), Bachelor of Journalism and Professional Writing**

**Bachelor of Laws (Honours), Bachelor of Arts (various specialisations)**

## EDUCATION

### Admissions information

#### ENTRY REQUIREMENTS

In accordance with national teacher education program standards, applicants must also fulfil non-academic entry requirements before their application is deemed complete. Applicants for the Bachelor of Early Childhood Education (Honours) and Bachelor of Primary Education (Honours) are required to submit a 400–600 word (maximum) Teaching Capabilities Statement, which speaks to your motivation to be a teacher.

#### PLACEMENT REQUIREMENTS

In the lead-up to each professional experience placement you need to ensure that a number of important prerequisites and requirements are completed or satisfied, including:

- A Department of Human Services Child-Related Employment Screening;
- Mandatory Child-Safe Environments Training; and
- Meeting required standards in the national Literacy and Numeracy Test for Initial Teacher Education (LANTITE) – to be completed during your studies.

For more information, visit [unisa.edu.au/eds-requirements](http://unisa.edu.au/eds-requirements)

**Megha Brahmhatt**  
INDIA

**Bachelor of Nursing**

## Admissions information

### NATIONAL POLICE CERTIFICATE AND DEPARTMENT OF HUMAN SERVICES CHILD-RELATED CLEARANCE

All students in the Division of Health Sciences who, as part of their program, undertake activities where interaction with patients/the public is required, such as in field or clinical placements/visits and in University clinics and gyms, must demonstrate that they have a current National Police Certificate (NPC) through SAPOL (or their home state police service) and a current Department of Human Services (DHS) Child-Related Clearance, which is valid for the duration of the program. The National Police Check will list disclosable court outcomes that may prevent clinical placement involvement. The University has a process for reviewing these outcomes to assess suitability for placement.

### STUDENT REGISTRATION

All students enrolled in a program leading to professional registration must be registered with the relevant national board. The registration process is undertaken by the Australian Health Practitioner Regulation Agency (AHPRA) with the University providing notification to AHPRA following a student's enrolment. No fees apply.

### IMMUNISATION REQUIREMENTS

In order to progress to clinical placement you must be screened and provide evidence of your immunisation status. Immunisation is a mandatory requirement across all healthcare placement providers. Non-compliance with the Health Care Workers Immunisation Policy Directive will prevent you from progressing to a placement. Additional requirements may apply.

## NURSING & MIDWIFERY

## Bachelor of Nursing

\*see pages 99–100 for details

Graduate with honours and become an accredited occupational therapist in just four years. Learn to help people of all ages to maintain and improve their movements and day-to-day activities. Develop the skills to assist people in managing personal, environmental and task limitations caused by injury or illness. Focus on areas such as human anatomy, human physiology, human neurosciences, growth and lifespan development, psychology, occupational science, and sociology. Gain valuable practical experience through 1,000 dedicated placement hours in a variety of settings under the supervision of a practising occupational therapist. Choose a professional or research stream in your

final year of study. Graduate with a degree that has been approved by the World Federation of Occupational Therapists and the Occupational Therapy Board of Australia, and accredited by the Occupational Therapy Council (Australia & New Zealand) Ltd.

#### CAREERS

Occupational therapists can work in a variety of settings, including:

Hospitals / private practice / community health services / rehabilitation centres / aged care facilities / community services / home care services / local council services / government departments / schools

#### DEGREE STRUCTURE

<b>FIRST YEAR</b>
Foundations of Health Human Anatomy 100 Physiology Essentials 100 Introduction to Occupational Therapy Practice
Lifespan Growth and Motor Development Introduction to Evidence Based Practice and Research in Health Sciences Occupational Therapy Practice in Hospital Settings Elective
<b>SECOND YEAR</b>
Principles of Occupational Therapy Practice Applied Psychology Enabling Occupation through Environmental Adaptation The Individual in Society 200
Human Neuroscience Occupational Therapy Group Work and Counselling Occupational Therapy Practice Education Occupational Therapy Practice in Occupational Rehabilitation
<b>THIRD YEAR (PROFESSIONAL STREAM)</b>
Occupational Therapy Practice and Mental Health Primary Health Care Approaches in Occupational Therapy Advanced Occupational Therapy Practice and Neurological Conditions Occupational Science
Participatory Community Practice 301 Advanced Community Occupational Therapy Practice and Chronic Conditions Management Advanced Evidence Based Practice
<b>FOURTH YEAR (PROFESSIONAL STREAM)</b>
Participatory Community Practice 400 Professional Portfolio 400 Occupational Therapy Field Practice 400
Occupational Therapy Field Practice 401 Professional Portfolio 401
<b>THIRD YEAR (RESEARCH STREAM)</b>
Occupational Therapy Practice and Mental Health Primary Health Care Approaches in Occupational Therapy Advanced Occupational Therapy Practice and Neurological Conditions Occupational Science
Participatory Community Practice 301 Advanced Community Occupational Therapy Practice and Chronic Conditions Management Health Science Honours Preparation
<b>FOURTH YEAR (RESEARCH STREAM)</b>
Participatory Community Practice 400 Health Science Honours Thesis Occupational Therapy Field Practice 400
Occupational Therapy Field Practice 401

Graduate with honours and become a registered physiotherapist in just four years. Develop the capability to assess, treat and prevent human movement disorders, enabling people to lead more functional lives, as a first contact professional or a valued member of an allied healthcare team. Focus on various areas of practice and treatments across sports, musculoskeletal, cardiorespiratory and neurological conditions. Study courses in human anatomy, human physiology, physiotherapy studies, pharmacology, exercise physiology, and pain sciences. Learn practical skills through clinical placements in real-world settings, including our on-campus physiotherapy clinics. Complete either a research stream focusing on methods and ethics, or a professional stream of advanced coursework from third year. Graduate with a degree accredited by the Australian Physiotherapy Council and satisfy the academic requirements for registration as a Physiotherapist with the Physiotherapy Board of Australia. You will also be eligible for membership with the Australian Physiotherapy Association

#### CAREERS

Registered physiotherapists can work in a variety of settings, including:

Private practice / clinics / sporting clubs / gyms / rehabilitation centres / hospitals / home and community services / disability services / aged care facilities / women's health / paediatric services

\*see pages 99–100 for details

Develop your understanding of the impact that exercise and physical activity has on people – biologically, psychologically and socially. Tailor your degree to your interests and career goals through primary streams in Health and Physical Education or Exercise and Sport Science with the ability to choose a secondary study stream in a wide

range of other study areas. Build strong foundational knowledge in core areas such as human anatomy and physiology; the sociology of health and physical activity; growth and motor development; and group and team psychology. Broaden your knowledge through studies in nutrition, exercise physiology, biomechanics, and motor learning. Graduate with the skills to complete client screenings, conduct laboratory and field testing, design and implement exercise and training programs, and interpret scientific research. Learn in state-of-the-art facilities such as the High Performance and Exercise Physiology Clinic, Environmental Chamber, and fully-equipped Health and Fitness Centre located on campus. Complete an industry placement during your studies. Package this degree with a Master of Teaching (Secondary) to become a health and physical education teacher.

### CAREERS

Depending on your course selection, your career options can include:

Sport development officer / nutrition adviser / sports coach / outdoor education instructor / recreation activities coordinator / teacher (with further study)

To learn more about how to become a teacher, visit [unisa.edu.au/become-a-teacher](http://unisa.edu.au/become-a-teacher)

Study South Australia's only fully-accredited degree in exercise and sport science. Develop a deep understanding of the impact that exercise and physical activity has on the biological, physical and social aspects of human life. Learn how to design and deliver exercise programs to improve clients' health and wellbeing, perform client screenings, conduct laboratory and field testing, and appraise and interpret scientific research. Be guided by some of Australia's leading exercise scientists and experts in the field. Study core courses in human anatomy and physiology, sociology of health and physical activity, growth and motor development, and exercise and health psychology. Access state-of-the-art facilities including the High Performance and Exercise Physiology Clinic, Environmental Chamber, and fully equipped Health and Fitness Centre located on campus. Gain valuable practical experience by completing industry placements across a range of settings including schools and elite sporting clubs. Graduate with a degree accredited by Exercise and Sport Science Australia (ESSA) and be eligible for registration as an Accredited Exercise Scientist.

### CAREERS

Launch a career in the growing food and nutrition industry. Learn to develop innovative foods; promote and manage diets and lifestyles; and conduct meaningful research for enhanced wellbeing. Explore the fundamentals of both nutrition and food sciences in your first two years of study then select one as a formal study stream in your third year, which aligns to your interests and career goals. Develop a strong body of knowledge in biology, food chemistry, microbiology, physiology and consumer education. Study in a dedicated learning hub on campus, including a purpose-built Sensory Laboratory, Microbiology Laboratory and Commercial Kitchen. Benefit from our strong links with the food industry and community, and attend field trips to some of South Australia's major nutrition and food providers. Graduates are eligible to apply for professional membership with the Australian Institute of Food Science and Technology (AIFST). Graduates are also eligible to apply to the Nutrition Society of Australia for registration as an Associate Nutritionist (ANutr), leading to Registered Nutritionist (RNutr), typically after three years of experience.

### CAREERS

Nutritionist / food scientist / food technician / health promotion officer / product developer / food safety adviser / food lab technician / flavour technologist / wellness coach / research scientist

### DEGREE STRUCTURE

FIRST YEAR
Chemistry in Life 100 Introduction to Nutrition and Food Sciences 1 Health and Society Molecules to Tissues A
Chemistry in Life 101 Statistics for Laboratory Sciences Molecules to Tissues B Introduction to Nutrition and Food Sciences 2
SECOND YEAR

Enjoy a flexible health degree that will prepare you for a career as a non-clinical health professional. Develop the knowledge and skills to create, evaluate and manage community-based health and wellbeing programs and services. Learn about building effective public policy and conducting research to improve and maintain population health and wellbeing. Graduate with the ability to investigate current health needs, identify population health patterns, conduct health evaluations and lead health-related projects. Tailor your studies through a range of majors and minors, including areas such as Anatomy and Physiology, Counselling, Human Resource Management, Information Technology, Marketing, Languages, or Psychology. Complete a health and wellbeing industry placement in your final year and consider studying part of your degree overseas through an international exchange.

### CAREERS

Depending on your degree combination, your career options can include:

Health service manager / community development officer / health promotion officer / community support worker / project officer / policy adviser / health data manager / health researcher / hospital coordinator / leisure and lifestyle coordinator

### DEGREE STRUCTURE

FIRST YEAR
Foundations of Health Health Concepts, Services and Trends Human Physiology 100 OR Physiology Essentials 100 Elective
Introduction to Evidence Based Practice and Research in Health Sciences Health Promotion (Theory and Concepts) Human Anatomy 100 Introduction to Sociology of Health and Physical Activity

## SECOND YEAR

Human Nutrition  
Exercise Physiology 1  
Principles and Practices of Evaluation  
Major/Minor Course 1

Project Management for Health Promotion  
Health Informatics  
Major/Minor Course 2  
Major/Minor Course 3

## THIRD YEAR

Nutrition Communication and Food Studies  
Planning for Healthy Cities  
Major/Minor Course 4  
Major/Minor Course 5

Health & Well-being Industry Placement  
Major/Minor Course 6  
Major/Minor Course 7

Study the only degree of its kind in South Australia. Develop the skills to work in areas such as drug discovery, manufacturing and production, clinical trials, regulatory affairs, and pharmaceutical sales and marketing. Build your understanding of fundamental sciences and the external factors influencing the global pharmaceutical industry. You will then focus specifically on key areas such as pharmaceutical sciences, biological sciences, drug discovery and development, and commercialisation. You can also choose from a range of electives to tailor your studies, covering areas such as research and development, manufacturing and pharmaceutical chemistry, and drug development and business (including sales, marketing, legal, regulatory and drug information). Access purpose-built laboratories on campus and in the A\$247 million UniSA Cancer Research Institute. Complete an industry project or placement during your degree. Be eligible for membership with the Royal Australian Chemical Institute (RACI) and other relevant professional bodies such as AusBiotech. Explore the option of a double degree with the Bachelor of Pharmacy (Honours) – academic criteria applies.

### CAREERS

Pharmaceutical science professionals can work in a variety of areas, including:

Drug regulation / laboratory research / clinical trials / research and development / sales and marketing

## DEGREE STRUCTURE

Study South Australia's only degree in pharmacy. Become a Registered Pharmacist, equipped to prepare, supply and monitor medicines across a variety of settings including community pharmacy, hospitals, aged care, military services, rural care, and more. Study a degree accredited by the Australian Pharmacy Council and benefit from a university with over 50 years' experience in delivering pharmacy education. Focus on key study areas such as biological, chemical and pharmaceutical sciences; ethical pharmacy practice; trialling and regulation of medicines; drug information and advice; preparing, studying and monitoring medicines and their use; and pharmaceutical research methods. Access state-of-the-art learning spaces, including the new pharmacy practice suite and purpose-built laboratories in the A\$247 million UniSA Cancer Research Institute. Complete field placements in community and hospital-based pharmacy settings. Following graduation, you will satisfy the academic requirements for registration as a Pharmacist with the Pharmacy Board of Australia (PBA), which is also determined by a period of supervised training. Enhance your career by exploring the option of a double degree with the Bachelor of Pharmaceutical Science – academic criteria applies.

### CAREERS

Registered pharmacists can work in a variety of settings, including:

Hospitals / pharmacies / community services / aged care facilities / critical care services / regulatory bodies / compounding services / infectious disease services / defence / research / academia

Graduate with honours in just four years and prepare for a career as a medical scientist focusing on diagnostic pathology or research. Learn to play a vital role in the welfare of patients by supporting clinicians in the diagnosis, management and treatment of disease, conducting research into causes and cures of disease, and developing improved methods for

disease detection. Build fundamental knowledge in biochemistry, microbiology, immunology, molecular pathology, haematology and histopathology. Develop the skills to perform a range of diagnostic tests including cross-matching for blood transfusions; identifying the organisms that cause infections and food poisoning; screening for cancer cells; and detecting genes responsible for disease. Gain valuable practical experience in our on-campus laboratories and through field placements across areas of public and private pathology. As part of your honours, you can tailor your studies with additional courses in research development or an advanced clinical placement. Graduate with a degree accredited by the Australian Institute of Medical Scientists and be eligible for membership. You can also apply for membership with the Australasian Association of Clinical Biochemists (AACB) and Australian Society for Microbiology (ASM).

### CAREERS

Medical scientists can work in a wide range of areas, including:

Diagnostic pathology / histopathology / forensic science / immunology / virology / transfusion science / haematology / cytology / clinical biochemistry / medical microbiology / research / product manufacturing / public health management / veterinary medicine / academia

Study South Australia's only medical radiation science degree and graduate as a qualified diagnostic radiographer. Learn how to produce high quality medical images with various technologies and types of radiation to monitor and diagnose injury and illness. Be prepared to work across general radiography practice such as X-rays, fluoroscopy theatre or emergency imaging. Focus on core courses in anatomy, physiology, pathology and radiation physics during your studies. Practise in fully functioning X-ray suites located on campus, equipped with the latest tools and technologies. Apply concepts of professional practice through 1,800 clinical placement hours, which begin in your second year of study. Participate in regular pre-clinical preparation workshops in your final year to further extend your skills as you move into advanced areas of practice. After graduation you will be eligible to apply for general registration with the Medical Radiation Practice Board of Australia (MRPBA).

*Note: High achieving students may be considered for the Bachelor of Medical Radiation Science (Honours) (Medical Imaging) program in third year.*

## CAREERS

Medical imaging professionals can work in a variety of settings, including:

PROGRAM CODE: **IBRS** | CRICOS CODE\*: **088333G**

\*see pages 99–100 for details

Study South Australia's only medical radiation science degree and graduate as a nuclear medicine technologist. Learn how to prepare and administer radioactive substances to evaluate the function of an organ or body system in order to diagnose and treat disease. Focus on core courses in anatomy, physiology, pathology and radiation physics during your studies. Access industry-standard nuclear medicine software on campus to practise image manipulation and analyse patient data. Complete 1,800 clinical placement hours, which begin in your second year of study. Take part in regular pre-clinical preparation workshops in your final year to further extend your skills as you move into advanced areas of practice. After graduation, you will be eligible to apply for general registration with the Medical Radiation Practice Board of Australia (MRPBA).

*Note : High achieving students may be considered for the Bachelor of Medical Radiation Science (Honours) (Nuclear Medicine) program in third year.*

### CAREERS

Nuclear medicine professionals can work across a variety of settings, including:

Hospitals / private practice / research and development

You may also gain employment in specialist areas such as ultrasound, magnetic resonance imaging and computed tomography.

### DEGREE STRUCTURE

#### FIRST YEAR

Foundations of Health Human Anatomy 100 Human Physiology 100 Physics for Medical Radiation 1
---

Pathology for Medical Radiation Human Physiology 101 Physics for Medical Radiation 2 Medical Radiation Clinical Human Anatomy
--

#### SECOND YEAR

Applied Psychology Physics for Medical Radiation 3 Nuclear Medicine Studies 1 Human Anatomy 201 (Gross and Sectional)
--

Nuclear Medicine Clinical Practice 1 Nuclear Medicine Studies 2 Physics for Medical Radiation 4 Introduction to Evidence Based Practice and Research in Health Sciences
--

#### THIRD YEAR

Advanced Evidence Based Practice CT and PET Imaging Nuclear Medicine Studies 3 Elective
--

Nuclear Medicine Studies 4 Nuclear Medicine Clinical Practice 2 Specialised Medical Radiation
---

#### FOURTH YEAR

Nuclear Medicine Clinical Practice 3 Nuclear Medicine Clinical Practice 4
--

Nuclear Medicine Professional Entry Practice 1 Nuclear Medicine Professional Entry Practice 2
--

# IT, ENGINEERING & THE ENVIRONMENT

Be at the forefront of innovation and technology. Join a vibrant hub of forward-thinking students, academics and researchers, working to unlock new possibilities in the communication and information technology, engineering, science, defence and aerospace industries. Collaborate with industry through real-world projects and fieldwork to provide solutions that have a positive impact on end-users. Study near Technology Park in Adelaide's northern suburbs – a nexus of more than 100 high-tech companies with opportunities for knowledge sharing, product development, research and professional networking.

#2 in Australia

for skills development  
in computing and  
information systems

*2019 Good Universities Guide*

Top 10 in Australia  
for engineering  
and technology

*2019 THE Subject Rankings*

South Australia's  
no.1 university for  
engineering research

The only university in SA  
to have all its assessed  
engineering research rated  
well-above world standard

*2015 Excellence in Research for Australia (ERA)*

**"I'm really impressed  
with the balance between  
theoretical and practical  
aspects of my study. It  
provides a fun and enjoyable  
way to learn concepts  
that are necessary for our  
professional development.  
The teaching staff are  
extremely approachable.  
Adelaide is very welcoming  
to international students."**

**Steve Nyanchoga**

PROGRAM CODE: **IHCN** | CRICOS CODE\*: **099379B**

\*see pages 99–100 for details

Study South Australia's only honours degree combining construction management, quantity surveying and building surveying. Learn about the fundamentals of construction including building technology and building structures. Develop your knowledge in contract administration, development regulation and development economics. Tailor your studies by choosing to focus on two key specialisation areas in your final year, including Quantity Surveying, Building Surveying or Construction Management. Gain valuable practical experience by completing an industry placement and a major research project focusing on a real-world challenge. Graduate with a degree that is accredited by the Australian Institute of Building and be eligible to apply for corporate membership. You will also be able to apply for membership with the Hong Kong Institute of Surveyors and the Royal Institute of Chartered Surveyors (UK). Students who have completed the final year specialisation in Quantity Surveying will also be eligible to apply for corporate membership with the Australian Institute of Quantity Surveyors.

### CAREERS

Construction manager / project manager / estimator / construction planner / site supervisor / site manager / contract administrator / quality surveyor / quantity surveyor / building surveyor / real estate developer / bid manager

### DEGREE STRUCTURE

#### FIRST YEAR

Introduction to Contract Administration  
Construction 1  
Introduction to Construction Management  
Construction Communication  
Construction Materials  
Economics for Construction Professionals  
Structures 1  
University Elective

#### SECOND YEAR

Quantity Surveying Practice 1  
Contract Administration  
Construction 2  
Structures 2

Building Estimating  
Construction Cost Planning  
Construction Scheduling  
Building Services N

#### THIRD YEAR

Development Regulation  
Development Economics  
Construction Environmental Science  
Building Surveying

Construction Operations and Safety  
Advanced Contract Administration  
Fire Engineering N  
Sustainable Construction

#### FOURTH YEAR

Research Theory and Practice  
Integrated Project

and two of the following three specialisation courses:

- Quantity Surveying Specialisation: Quantity Surveying Practice 2
- Building Surveying Specialisation: Asset Management and Building Pathology
- Construction Management Specialisation: Construction Business Management

NBE Honours Research Project

and two of the following three specialisation courses:

- Quantity Surveying Specialisation: Advanced Quantity Surveying
- Building Surveying Specialisation: Advanced Building Surveying
- Construction Management Specialisation: Advanced Construction Management

## Bachelor of Environmental Science

PROGRAM CODE: **LBVT** | CRICOS CODE\*: **070414J**

\*see pages 99–100 for details

Build a career in environmental sustainability, exploring how humans interact with the environment and how we can best manage it. Study core courses in biology, soil science, ecology, conservation, geology and social sciences. Complete in-depth examinations in biological and earth sciences. Develop essential skills working with Geospatial Information Systems (GIS) to capture, analyse and manage spatial and geographic data. Choose a minor study area to tailor your studies, including Community Engagement and Sustainability or Biodiversity and Earth Systems. Learn in a state-of-the-art immersive virtual environment on campus

using *Project LIVE* visualisation technology, which transforms traditional classroom activities into interactive learning. Access cutting-edge digital imagery of local environments and the tools to process data and evaluate its meaning. Through this technology you will become familiar with the latest digital imaging, mapping and spatial analysis techniques. Gain additional practical experience through hands-on field work and real-world projects. Continue your studies through the Master of Teaching (Secondary) to teach science up to Year 10 and Environmental Science to Year 12.

### CAREERS

Environmental adviser / land management officer / sustainability officer / environmental consultant / ecologist / environmental scientist / environmental project officer / environmental strategy manager / environmental researcher / teacher (with further study)

To learn more about how to become a teacher, visit [unisa.edu.au/become-a-teacher](http://unisa.edu.au/become-a-teacher)

### DEGREE STRUCTURE

#### FIRST YEAR

Biodiversity for the Environment  
Earth Systems  
Environment: A Human Perspective  
Introduction to Surveying and Spatial Sciences  
Environmental Analytical Methods  
Spatial Data Acquisition and Analysis  
Environmental Chemistry  
Sustainable Ecosystems

#### SECOND YEAR

Caring for Country  
Ecology  
Environmental Interpretation and Community Engagement  
Elective 1

Soils in the Australian Landscape  
Environmental Policy and Regulations  
Minor Course 1  
Minor Course 2

#### THIRD YEAR

\*see pages 99–100 for details

Take the first steps towards becoming a pilot and build a career that will allow you to travel the world. Study at a university that teaches theory and practice at the same time, with real flight training starting from your first year. Complete 15–20 hours of flight experience as part of your degree with the option to obtain a Commercial Pilot Licence concurrently with your university studies. Be guided by industry professionals through our partnership with Flight Training Adelaide. Develop fundamental knowledge in aerodynamics, meteorology, navigation, flight planning, and aircraft power plants and systems. Access state-of-the-art technologies on campus, including a A\$250,000 flight simulator replicating the Boeing 737NG. You will also gain real-world experience through our connection with the Civil Aviation Safety Authority (CASA) by submitting flight plans and accessing the latest aerodrome alerts.

*Note: For the flight training component of this degree, you must hold a minimum of a Class II Medical with at least six months validity. You must also remain compliant with the Aviation Academy's Drug and Alcohol Management Plan (DAMP).*

#### CAREERS

Commercial pilot / corporate pilot / firefighting pilot / medical and air ambulance pilot / defence force pilot / flight instructor

#### DEGREE STRUCTURE

<b>FIRST YEAR</b>
Flight Training Theory 1 Aviation Physics 1N Introduction to Aviation Aviation Practice
Flight Training Theory 2 Flight Experience

<b>SECOND YEAR</b>
Advanced Meteorology Professional and Technical Communication University Elective Aviation Law
Introduction to Aviation Management Large Aircraft Performance and Planning Introduction to Aviation Safety Human Factors 1
<b>THIRD YEAR</b>
Heavy Aircraft Systems Advanced Aerodynamics Human Factors 2 Communications and Research Methods
Advanced Navigation Elective Risk and Safety Management Systems Aviation Project

Build a dynamic career as an IT professional. Study core courses that will give you a solid foundation in IT, network, database and programming fundamentals, and systems analysis. Tailor your studies by choosing from a wide range of minors. You can select two IT minors from areas such as 3D Animation, Business Systems, Data Analytics, Games, Mobile Applications, Multimedia, Networking, Security, Software

Development and Visual Effects. You also have the choice of selecting one minor from a different discipline, such as Accounting, Digital Media, Innovation and Entrepreneurship, International Business, Marketing or Management. Learn with the latest industry-standard technologies and tools in the IT Development Studio and IT Innovation Studio located on campus. Gain valuable practical experience through industry placements and internships, and collaborate with a real client on a final year ICT project. Graduate with a degree accredited by the Australian Computer Society. Transfer into a specialised IT degree and receive study credit for completed courses.

### CAREERS

Software developer / networking analyst / web developer / IT consultant / database administrator / IT manager / systems analyst / computer programmer / network architect / user interface developer / chief information officer

### DEGREE STRUCTURE

FIRST YEAR
Network Fundamentals Problem Solving and Programming Information Technology Fundamentals Design Thinking and Digital Innovation
Systems Analysis Database Fundamentals Programming Fundamentals IT Project Management
SECOND YEAR
Interface Design, Interaction and Experience Web Development Service Management and Integration Minor Course
Systems Design Information Technology Strategy and Management 2 x Minors
THIRD YEAR
Elective 3 x Minors
2 x Minors ICT Project

Learn to develop new and exciting applications for different industries and markets. Apply technical skills and creativity to game-type productions, software and interfaces. Study core courses that will give you a solid foundation in IT, network, database and programming fundamentals, and systems analysis. You will then complete highly specialised courses focusing on computer graphics programming, multimedia design and information visualisation. Explore interface design, interaction and experience; tools for software development; game asset creation; computer game design concepts; mobile game development; and artificial intelligence. Learn with the latest industry-standard technologies and tools in the IT Development Studio and IT Innovation Studio located on campus. Gain valuable practical experience through industry placements and internships, and collaborate with a real client on a final year ICT project. Graduate with a degree accredited by the Australian Computer Society. Transfer into a different IT specialisation and receive study credit for completed courses.

Focus on the security of information in contemporary IT systems. Be at the forefront of security intelligence, finding new ways to combat escalating cyber-attacks and defending against spamming, malware, viruses and other threats. Develop the skills to support a network roll-out and infrastructure maintenance, as well as knowledge in networking topologies, routers and firewalls. Study core courses that will give you a solid foundation in IT, systems analysis, and network, database and programming fundamentals. You will then complete specialist courses including Digital Forensics; Cloud, Virtualisation and Storage; Information Security Management; and Network Security. The core networking courses will also prepare you to sit industry certification exams in CISCO, CCNA and CCNP. Learn with the latest industry-standard technologies and tools in the IT Development Studio and IT Innovation Studio located on campus. Gain valuable practical experience through industry placements and internships, and collaborate with a real client on a final year ICT project. Graduate with a degree accredited by the Australian Computer Society. Transfer into a different IT specialisation and receive study credit for completed courses.

Go beyond traditional programming and develop specialist skills in software engineering. Study core courses to build your base knowledge in IT, network, database and programming fundamentals, and systems analysis. You will then explore advanced concepts and research methods in computer science including systems development, database and knowledge

management, health informatics, networking and security. Learn to develop large, complex systems and focus on key areas such as tools for software development, software development with C++, agile development with .NET, concurrent programming, artificial intelligence, and cloud programming. You will also develop the cognitive skills needed for critical thinking, and the ability to understand and analyse the technical and design elements of software engineering. Complete a major specialist project focusing on a real-world IT issue, along with three software engineering minors in your final honours year. Learn with the latest industry-standard technologies and tools in the IT Development Studio and IT Innovation Studio located on campus. Graduate with a degree accredited by the Australian Computer Society.

Unravel the mysteries of the natural and physical world. Build your career as a scientist, making predictions and informed decisions through the systematic study of the nature and behaviour of the physical universe. Study the fundamentals of science through observation, experiment and measurement. Tailor your degree by choosing two majors that align with your interests and career goals, including Applied Physics, Biology, Chemistry, Environmental Systems or Mathematics and Statistics. Gain practical experience through laboratory and field work. Access state-of-the-art facilities and engage with researchers at the multi-million-dollar Future Industries Institute on campus. Continue your studies with the Master of Teaching (Secondary) to become a science teacher.

*Note: Students interested in taking a major in another area of science can discuss their options with the University after enrolment.*

### CAREERS

This degree can lead to a variety of careers in the following:

Research laboratories / medical and pharmaceutical industries / manufacturing / environmental management / food development / mining and energy / information technology / defence science / meteorology / teaching (with further study)

Prepare for a career in the growing field of data science where skilled professionals are in high demand. Discover ways to analyse and interpret vast amounts of data to provide intelligent business insights. Learn to solve complex problems through quantifying and understanding data. Study a balanced mix of courses in mathematics, information technology and data science. In first year, you will focus on building your mathematical and programming skills with courses in calculus, statistical methods, fundamentals of programming, and databases. You will then move into applied data science studies through cross-disciplinary areas such as web development, data structures, mathematical communication and mathematical modelling. In final year, you will develop skills in programming and networking, project management and analytics. Gain hands-on experience through a major ICT project working on a real-world challenge and strengthen your abilities in research, analysis and interpretation of data. Continue your studies with the Master of Teaching (Secondary) to become a maths teacher.

## CAREERS

Data scientist / data analyst / business intelligence analyst / data architect / data mining engineer / visualisation designer / data consultant / big data engineer / big data researcher / teacher (with further study)

Apply mathematical methods and models to find solutions to practical problems. Explore the relationship and application of mathematics to other disciplines such as physics, engineering, information technology and biology. Develop your problem-solving and analytical skills by studying key courses in simulation theory, algebra, differential equations and stochastic calculus. Broaden your knowledge and skills through additional courses in IT and programming focusing on statistical methods, fundamentals of programming, and understanding databases. Participate in the Maths Clinic program in your final year, working closely with an industry partner on a real-world project. Gain international experience through a study exchange. Continue your studies with the Master of Teaching (Secondary) to become a maths teacher. You also have the option of transferring into the Bachelor of Mathematics (Data Science) and receiving study credit for successfully completed courses.

# BUSINESS

Join one of Australia’s premier business schools, recognised nationally and internationally for its quality education, career outcomes and research. The UniSA Business School is one of just nine business schools in Australia to be accredited by EQUIS – the global quality management standard – and rated five-stars for excellence in the QS World Stars Ratings. Graduate with the knowledge and skills to become an agent for change and growth, creating real impact in businesses and communities. Learn from thought leaders as they share their insights and expertise for best practice in the contemporary business world. Join over 55,000 global alumni who are enterprising managers, legal professionals, executives and scholars.

## Top 1% worldwide and awarded five-stars for excellence

*UniSA Business School is one of just nine in Australia and 176 globally to be accredited by EQUIS, from a total pool of 16,521 business schools worldwide, AACSB, May 2017. 2018 QS Stars Ratings.*

## MBA awarded five stars for ten consecutive years

*Graduate Management Association of Australia (GMAA)*

## Above world-class research in marketing, business and management

*2015 Excellence in Research for Australia (ERA)*

**“I like that concepts being taught in class are research-based. Even though I’ve already had experience working professionally in the marketing industry, I still get to learn new concepts every time.”**

**Arvin Navarro**  
 PHILIPPINES  
**International Master of Business Administration (Marketing)**

# ACCOUNTING & FINANCE

## Master of Finance

[unisa.edu.au/accounting-and-finance](http://unisa.edu.au/accounting-and-finance)

City West Campus	February and August intakes
2 years full-time	IELTS Total .....6.5 IELTS Reading .....6.0 IELTS Writing .....6.0
A\$35,900 pa* indicative 2020

Further your career in the fast-paced financial sector. Study advanced coursework in financial markets, corporate and financial analysis, and investment management. Broaden your knowledge through courses in data science, accounting, commercial law, international finance and managing financial risk. Tailor your studies by choosing elective courses that align with your interests or professional development needs such as Chinese banking. Access our state-of-the-art IRESS Trading Room located on campus, which includes a market data feed and financial analysis tools – the same technology used by the world's leading banks and investment firms. Gain valuable industry experience by completing an optional 150-hour placement with a local or international organisation. Join the Executive Partners Program for invaluable mentorships, industry insights and expert advice from a senior business leader. Graduate from a qualification recognised by the Chartered Financial Analyst Institute and the Global Association of Risk Professionals. You will also be eligible for membership with the Financial Services Institute of Australasia.

### CAREERS

Commercial banker / investment banker / treasury analyst / finance manager / financial controller / financial broker / global fund manager / tax accountant / auditor / customer relationship manager

### ENTRY REQUIREMENTS

Bachelor degree, graduate diploma or graduate certificate from a recognised higher education institution. Some applicants may be eligible for Advanced Standing and can complete the program in 1.5 years full-time study.

PROGRAM CODE: **DMMX** | CRICOS CODE\*: **091991B**

\*see pages 104–106 for details

Advance your knowledge and understanding of networks and processes through the study of modern logistics and global supply chain management. Develop advanced skills in core areas such as leadership, strategy and decision-making. You will then focus on specialised areas, including business analytics and data, global supply chain management, integrated logistics management, and managing sustainable value chains. Develop critical project management skills and learn to apply practical management models that meet global industry benchmarks. Tailor your studies through elective courses in areas that interest you most. Be immersed in real-world challenges and projects, and participate in optional industry placements and overseas study tours. Join the Executive Partners Program for invaluable mentorships, industry insights and expert advice from a senior business executive. You can also complete our Graduate Certificate in Business, Graduate Certificate in Management or Graduate Certificate in Marketing as an entry pathway directly into the master's program.

## CAREERS

Logistics manager / supply chain manager / operations manager / supply chain analyst / business solutions specialist / procurement manager / business pricing analyst

 City West Campus	 January, April, June and September intakes
 1.5 years full-time	IELTS Total .....6.5 IELTS Reading .....6.0 IELTS Writing .....6.0
 A\$40,300 pa* indicative 2020	

PROGRAM CODE: **DMMA** | CRICOS CODE\*: **048635B**

\*see pages 104–106 for details

Graduate with an internationally-recognised and highly-awarded MBA qualification. Designed for experienced managers and executives, this program has a strong practical focus on senior management decision-making and explores the latest in management research. Develop your expertise across essential areas such as strategic thinking, marketing, finance, leadership, law, international business, and ethics and sustainability; and immediately apply learnings to your workplace. Explore real case studies and business challenges, and draw upon your experiences and workplace-based issues for assessment tasks. Complete a major capstone project in your final year where you will plan and execute a research project for a company board or senior management group. Engage with a cohort of experienced peers from diverse industry backgrounds, in a highly interactive learning environment. Participate in an optional two-week global study experience to China or Europe. You can also complete the *Company Directors Course* as part of this degree through the Australian Institute of Company Directors. Recognised and respected globally for excellence and outcomes, our MBA has been ranked among the top 10 MBAs in Australia for 10 years<sup>^</sup>, and has also been awarded 5-Stars by the Graduate Management Association of Australia (GMAA) – one of the world’s most highly-regarded ranking schemes.

<sup>^</sup>2017 Australian Financial Review, Boss Survey.

PROGRAM CODE: **DMAE** | CRICOS CODE\*: **060208J**

\*see pages 104–106 for details

Apply advanced knowledge to contemporary architecture and design practice. Develop an in-depth understanding of construction systems, digital design and communication, sustainable strategies, architectural practice, and the historical and theoretical contexts that shape our built environment. Gain valuable practical experience through intensive studio classes where you will design for complex projects, and participate in industry placements and international field trips. Learn from highly experienced teachers who are also practising architects and leaders in their field. Tailor your studies by choosing elective courses in areas such as sustainable design, urban design or digital media. Engage in real projects through the Design Construct learning experience, where you help to design and build community buildings in remote locations both in Australia and overseas. This program is accredited by the Architectural Practice Board of South Australia and graduates satisfy the academic requirements to apply for registration as an architect. Graduates are also eligible for membership with the Australian Institute of Architects.

### CAREERS

Architect / landscape architect / spatial designer / urban designer / studio manager / design consultant / heritage consultant / project manager

### ENTRY REQUIREMENTS

- Bachelor of Architectural Studies (DBAE) from the University of South Australia, or a bachelor degree in a three-year pre-professional architecture program from a recognised Australian higher education institution, or equivalent qualification.
- Applicants with a bachelor degree in a three-year pre-professional architecture program from a non-Australian higher education institution must also submit a portfolio as part of their application.
- Entry into this program is competitive, based on academic merit and subject to quota. The University may admit other applicants who provide satisfactory evidence of academic achievement, which is recognised as an equivalent qualification to a completed Bachelor of Architectural Studies (DBAE).

### DEGREE STRUCTURE

#### FIRST YEAR

Advanced Architectural Design Studio (Environment)

Develop a deep understanding of the innovative, changing world of communication design across both print and digital platforms. Be prepared to conceptualise solutions for complex design challenges, and apply advanced principles and practices that extend beyond the visual to help communicate to different audiences. Learn the design skills required to work across a variety of disciplines including advertising, branding, merchandising, visual communications, publications and web design. Gain valuable professional experience by working on real creative projects, including writing proposals and presenting to clients. Access modern, purpose-built workshops on campus featuring industry-standard technologies and digital equipment. Tailor your studies through a range of electives including an industry internship or courses in areas such as brand management, e-marketing, entrepreneurial commercialisation, sustainable design and marketing management. Benefit from industry masterclasses and learn from national and international design practitioners.

### CAREERS

Graphic designer / creative lead / art director / design consultant / freelance designer / brand consultant / illustrator / typographer / visual communications manager / studio manager

### ENTRY REQUIREMENTS

- Bachelor degree from a recognised higher education institution or equivalent qualification in a related discipline along with a portfolio of work, curriculum vitae and written statement of intent.
- Applicants who have completed a Graduate Diploma in Design (DGSP) from the University of South Australia are eligible to enter and are not required to submit a portfolio of work or statement of intent.
- Some applicants may be eligible for Advanced Standing and can complete the program in one year full-time study.

Develop your creativity and art practice through advanced studio work, coupled with valuable studies in marketing, business and financial management to help commercialise your craft. Tailor your studies by choosing a specialised field, including Photo, Digital and Graphic Media; Curatorship and Arts Writing; Painting and Drawing; or Spatial Studies (including public art, sculpture, textiles, glass, metal, ceramics, or jewellery). You will also learn about grant sourcing and applications, industry associations and professional recognition, communications and marketing, and commercial necessities such as copyright, trademarks, intellectual property and taxation. Complete two major projects in your final six months ready for presentation and/or exhibition. Access purpose-built workshops and learning spaces on campus. Benefit from an education at one of Australia's oldest and most established art schools and learn from practising artists, writers and researchers with extensive industry experience.

## CAREERS

 Magill Campus	 February and July intakes
 0.5 years full-time	IELTS Total .....6.5 IELTS Reading .....6.5 IELTS Writing .....6.5
 A\$34,800 pa* <i>indicative 2020</i>	

PROGRAM CODE: **MCFT** | CRICOS CODE\*: **095897A**

\*see pages 104–106 for details

Study a one-of-a-kind qualification unique to Australia, and develop the technical knowledge and skills to transition straight into your film and television career through a 12-week intensive qualification. Offered in association with Matchbox Pictures – one of Australia’s most successful and award-winning production companies – you will learn in an immersive, real-world business environment with exclusive access to industry. Benefit from working alongside highly skilled production professionals using the latest industry-standard tools and technologies. You will complete studies focused on understanding the screen industry, exploring the role of creative producer, idea generation, pitching and financing, pre-production and post-production, and marketing. You will also gain practical experience by working directly on an industry project and will graduate with a professional portfolio of work.

#### CAREERS

Film editor / location manager / TV producer / screenwriter / cinematographer / production designer / video editor / TV director / talent agent / content producer / videographer

#### ENTRY REQUIREMENTS

- Bachelor degree from a recognised higher education institution in film, television or a related discipline; or
- Advanced Diploma in Screen and Media or equivalent qualification from an accredited Registered Training Organisation.
- Applicants are also required to submit a showreel of their own work and a curriculum vitae outlining their relevant experience.
- Alternatively, applications will be considered from graduates holding a completed bachelor degree from a recognised higher education institution in an unrelated field who are able to demonstrate substantial experience in film and/or television, in their showreel and curriculum vitae submissions.

#### DEGREE STRUCTURE

##### FIRST YEAR

The Screen Industry: Business, Creativity and Content

### Admissions information

#### ENTRY REQUIREMENTS

In accordance with national teacher education program standards, applicants must also fulfil non-academic entry requirements before their application is deemed complete. Applicants for the Master of Teaching programs are required to submit a 400-600 word (maximum) Teaching Capabilities Statement, which speaks to your motivation to be a teacher.

#### PLACEMENT REQUIREMENTS

In the lead-up to each professional experience placement you need to ensure that a number of important prerequisites and requirements are completed or satisfied, including:

- A Department of Human Services Child-Related Employment Screening;
- Mandatory Child-Safe Environments Training; and
- Meeting required standards in the national Literacy and Numeracy Test for Initial Teacher Education (LANTITE) – to be completed during your studies.

Graduate with a qualification to teach English to speakers of other languages. Explore the educational theory and TESOL methodologies needed to teach English as an additional language across a variety of settings, from preschool to adult through to tertiary education. Study core courses covering areas such as language learning, curriculum studies, teaching and language assessment, and TESOL approaches and strategies. Tailor your studies by choosing a specialised stream, either the Education

Project pathway or Education Thesis pathway, which will prepare you for further learning, including doctoral studies. Benefit from highly practical and engaged learning through intensive workshops on campus.

## CAREERS

English language educator / curriculum developer / educational leader / government adviser / training and development consultant / tutor

*Note: This qualification does not meet the requirements for teacher registration in South Australia.*

### ENTRY REQUIREMENTS

Bachelor degree or equivalent qualification in any discipline from a recognised higher education institution. Some applicants may be eligible for Advanced Standing and can complete the program in one year of full-time study.

## DEGREE STRUCTURE

EDUCATION PROJECT PATHWAY
FIRST YEAR
Theorists and Theories of Learning and Development Learning Communities and Cultures Learning English as an Additional Language Language and Culture in TESOL
TESOL Approaches and Strategies Teaching and Language Assessment in TESOL International Comparative Studies in Education Evidence-Informed Practice in Education
SECOND YEAR

Prepare for professional practice in social work. Develop an advanced body of knowledge in current social issues, social work values, social policy, ethics and identity, human rights, child protection, mental health and cross-cultural practice. Benefit from a curriculum influenced by world-class research in psychology and social work. Learn in purpose-built social work studios located on campus, working alongside field practitioners and academic staff in simulated scenarios. Gain valuable practical experience by completing field placements during your studies, across local, rural and international settings. Graduate with a qualification accredited by the Australian Association of Social Workers. You will also be eligible for membership.

*Note: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) for working with Children, in the Aged Care Sector and in Disability Services; obtain a SAPOL National Police Record Check; and complete a one-day Child Safe Environments Course. Some placements may require students to hold a current driver's licence, Mandatory Basic Life Support (BLS) training, vaccinations, or a recognised First Aid Certificate.*

### CAREERS

Social worker / youth worker / aged care worker / child welfare officer / community development officer / disability worker / rehabilitation officer / healthcare worker / court services officer / cultural diversity officer / social planner

### ENTRY REQUIREMENTS

- Bachelor degree or master level qualification in a related discipline (including, but not limited to, human services, community services, social science, psychology, Australian Indigenous or Aboriginal studies, public or community health) from a recognised higher education institution, or equivalent qualification.
- Applicants holding a completed Australian bachelor degree or master level qualification in social work are not eligible for entry into this program.

**“The syllabus is well planned and well taught with a great balance of teaching experience, clinical work and research. There is no better combination for aspiring physiotherapists. I did two hospital placements and a football placement – the experience of supervised practice is what has made me a better practitioner.”**

**Anuja Dalvi**  
INDIA

**Master of Advanced Clinical  
Physiotherapy**

## Admissions information

### NATIONAL POLICE CERTIFICATE AND DEPARTMENT OF HUMAN SERVICES CHILD-RELATED CLEARANCE

All students in the Division of Health Sciences who, as part of their program, undertake activities where interaction with patients/the public is required, such as in field or clinical placements/visits and in University clinics and gyms, must demonstrate that they have a current National Police Certificate (NPC) through SAPOL (or their home state police service) and a current Department of Human Services (DHS) Child-Related Clearance, which is valid for the duration of the program. The National Police Check will list disclosable court outcomes that may prevent clinical placement involvement.

### STUDENT REGISTRATION

All students enrolled in a program leading to professional registration must be registered with the relevant national board. The registration process is undertaken by the Australian Health Practitioner Regulation Agency (AHPRA) with the University providing notification to AHPRA following a student's enrolment. No fees apply.

### IMMUNISATION REQUIREMENTS

In order to progress to clinical placement you must be screened and provide evidence of your immunisation status. Immunisation is a mandatory requirement across all healthcare placement providers. Non-compliance with the Health Care Workers Immunisation Policy will prevent you from progressing to a placement. Additional requirements may apply.

\*see pages 104–106 for details

Study an advanced qualification in musculoskeletal physiotherapy. Designed for qualified physiotherapists, you will enhance your knowledge, clinical skills and application of evidence-based practice in the diagnosis, treatment and prevention of muscle and joint conditions. Learn through a balance of theoretical and practical classes. Take core courses in allied health evidence translation; facilitating change in cognitive behaviours and lifestyle; pain science, assessment and management; and advanced musculoskeletal examination and management. Further your clinical experience by treating patients in our on-campus physiotherapy clinics or complete professional placements in a variety of settings. Learn from highly trained physiotherapists and clinicians and benefit from a university with over 40 years' experience in physiotherapy education. Graduate with a qualification accredited by the Australian Physiotherapy Association.

## CAREERS

This program is designed for qualified physiotherapists seeking to further their qualifications and can lead to careers in settings such as:

Clinics / hospitals / private practice / gyms and fitness centres / rehabilitation centres / aged care facilities / community health centres / schools / research

### ENTRY REQUIREMENTS

- Bachelor degree or equivalent entry level qualification in physiotherapy from a recognised higher education institution; and
- Minimum 10 months full-time, or equivalent, physiotherapy practice in a relevant field following completion of the professional entry level qualification; and
- Fulfilled the requirements for eligibility for registration as a physiotherapist for limited registration under supervision with the Australian Health Practitioner Register Authority. Students must apply for limited registration after acceptance into the program.

### DEGREE STRUCTURE

# MEDICAL SONOGRAPHY

## Master of Medical Sonography

### Nested with:

- Graduate Diploma in Medical Sonography

[unisa.edu.au/medical-radiation](http://unisa.edu.au/medical-radiation)

 City East Campus	 February and July intakes
 1.5 years full-time	IELTS Total.....7.0 IELTS Reading.....7.0 IELTS Writing.....7.0 IELTS Listening.....7.0 IELTS Speaking.....7.0
 A\$30,300 pa* indicative 2020	

PROGRAM CODE: **IMSO** | CRICOS CODE\*: **n/a**

\*see pages 104–106 for details

### IMPORTANT NOTE

**This program is not available to international student visa holders.** This program is only available part-time and through online delivery. Theory examinations can be completed at external exam centres; however all students are required to attend clinical assessments on campus. Applicants are also responsible for organising their own training position in an ultrasound department in order to complete the required scanning experience.

Designed for medical radiation and other allied health professionals, this program will prepare you for a career as a qualified medical sonographer or allow you to upskill as an already qualified medical sonographer. Choose to study areas of interest including fetal echocardiography, obstetrics, advanced musculoskeletal sonography, management and ethics, or research. Acquire critical thinking and analytical skills for effective practice and foundational research skills. Develop advanced technical skills and a strong understanding of health science, physics, anatomy and pathology, and pursue a clinical project or research pathway in your final year. Complete 2,200 hours of supervised ultrasound scanning and clinical examinations during your studies. Graduates are eligible to apply for full professional accreditation with the Australian Sonographer Accreditation Registry (ASAR) for General Sonography, with evidence of scanning experience required.

### CAREERS

Qualified medical sonographers can work in a variety of settings, including:

Hospitals / private practice / government agencies / education

### ENTRY REQUIREMENTS

- This program is open to qualified medical radiation professionals with a recognised bachelor degree or a Graduate Diploma in Medical Sonography; accredited sonographers; or applicants with a recognised bachelor degree or higher with a minimum Grade Point Average (GPA) of 5.
- Additional entry requirements apply, including set prerequisite courses which must have been studied in the last ten years. For more information, visit [unisa.edu.au/sonography](http://unisa.edu.au/sonography)

### DEGREE STRUCTURE

#### LEVEL 1

Ultrasound Physics and Instrumentation  
Professional Issues for Sonographers  
Abdominal Sonography  
Superficial Parts Sonography

#### LEVEL 2

Obstetric and Gynaecologic Sonography  
Vascular Sonography

Further your knowledge in electrical engineering, coupled with information and communication technologies. Focus on wireless and mobile communication systems, theory and coding, and telecommunication networks. Tailor your studies through a range of elective courses covering topics such as modern communication systems, optical communications, advanced control and network infrastructure. Complete a minor thesis as a core course, applying advanced research methods to a real-world challenge, or industry-related project. Explore the latest findings and innovations in engineering by connecting with our leading research concentrations, including the Institute for Telecommunications Research and the multi-million dollar Future Industries Institute located on campus.

**CAREERS**

Telecommunications engineer / network engineer / communications engineer / network planning manager / telecommunications development manager / researcher

**ENTRY REQUIREMENTS**

*Bachelor degree in electrical engineering, or a related discipline, from a recognised higher education institution.*

**DEGREE STRUCTURE**

**FIRST YEAR**

**CORE COURSES**

Communication Systems  
 Digital Signal Processing  
 Engineering Research Practice

**ELECTIVE COURSES (select 22.5 units)**

Telecommunications specialisation:

- Modern Communication Systems
- Optical Communications G
- Network Infrastructure
- Learning in the Workplace Project

Electrical Engineering Courses:

- Linear Electronic Circuits
- VLSI Design
- Advanced Control
- Renewable Energy Systems UG
- Power Electronics and Drives
- Energy and Society

**SECOND YEAR**

Select one of:

- Engineering Economic Analysis
- Total Quality Management
- Lean Six Sigma
- Project Planning and Control G
- Enterprise Resource Planning
- Operations Management Systems

**CORE COURSES**

Telecommunications Networks  
 Mobile Communications and Wireless Access  
 Information Theory and Coding  
 Engineering Minor Thesis 1  
 Engineering Minor Thesis 2

## Master of Engineering (Civil and Infrastructure)

[unisa.edu.au/engineering](http://unisa.edu.au/engineering)

Mawson Lakes Campus	February and July intakes
2 years full-time	IELTS Total .....6.5 IELTS Reading .....6.0 IELTS Writing .....6.0
A\$36,900 pa* <i>indicative 2020</i>	

PROGRAM CODE: **LMCL** | CRICOS CODE\*: **088538E**

\*see pages 104–106 for details

Study advanced structural and geotechnical engineering. Apply and synthesise civil engineering theories to help solve practical infrastructure problems. Create and design models that can be used in critical infrastructure design and analysis. Study core courses in steel and timber design, reinforced concrete design and advanced soil mechanics. Choose to focus extensively on project management and leadership through dedicated elective courses. Develop your communication skills to effectively engage other engineering professionals and broader stakeholders. Alternatively, you can choose electives that cover a broad range of topics including transportation

engineering, green infrastructure, structural analysis, climate change adaption, and earthquake and masonry engineering. Access purpose-built facilities on campus, including industry-standard testing and computer modelling equipment. Complete a master design project and major research project focusing on real-world projects and challenges.

**CAREERS**

Civil engineer / structural engineer / geotechnical engineer / civil construction manager / civil project manager / operations manager / civil division manager

**ENTRY REQUIREMENTS**

- Bachelor degree or equivalent qualification in civil engineering, or a related discipline, from a recognised higher education institution.
- A related discipline may be other four-year engineering or science degrees.
- Applicants who do not meet the standard entry requirements will be assessed on a case-by-case basis by the Program Director.
- Some applicants may be eligible for Advanced Standing and can complete the program in one year of full-time study.

**DEGREE STRUCTURE**

**FIRST YEAR**

Soil Mechanics  
 Steel and Timber Design  
 Research Data Analysis  
 Elective 1

Geotechnical Engineering  
 Reinforced Concrete Design  
 Advanced Soil Mechanics  
 Elective 2

**SECOND YEAR**

Engineering and Environmental Masters Design Project  
 Masters Research Theory and Practice  
 Elective 3

NBE Masters Research Project  
 Elective 4  
 Elective 5

## Master of Engineering (Water Resources Management)

[unisa.edu.au/engineering](http://unisa.edu.au/engineering)

Mawson Lakes Campus	February and July intakes
2 years full-time	IELTS Total .....6.5 IELTS Reading .....6.0 IELTS Writing .....6.0
A\$36,900 pa* <i>indicative 2020</i>	

PROGRAM CODE: **LMCL** | CRICOS CODE\*: **088540M**

\*see pages 104–106 for details

Study advanced water and environmental engineering theories to support essential waterways, resources and infrastructure. Create and design systems that can be used in developing water resources and

supporting water quality management. Learn to integrate modelling technology and GIS applications to form comprehensive water systems. Choose to focus extensively on project management and leadership through dedicated elective courses. Develop your communication skills to effectively engage other engineering professionals, along with water and environmental experts. Alternatively, you can choose electives that cover a broad range of topics including green infrastructure, environmental pollution and monitoring, natural resource management, and water quality management. Access purpose-built facilities on campus, including industry-standard testing and computer modelling equipment. Benefit from links to the Australian Flow Management Group laboratories. Complete a master design project and major research project focusing on real-world projects and challenges.

### CAREERS

Water resources engineer / project engineer / environmental consultant / water infrastructure manager / technical lead – water quality and treatment / project manager / operations manager

### ENTRY REQUIREMENTS

- Bachelor degree or equivalent qualification in civil engineering, or a related discipline, from a recognised higher education institution.
- A related discipline may be other four-year engineering or science degrees.
- Applicants who do not meet the standard entry requirements will be assessed on a case-by-case basis by the Program Director.
- Some applicants may be eligible for Advanced Standing and can complete the program in one year of full-time study.

### DEGREE STRUCTURE

FIRST YEAR
Soil Mechanics Hydraulics and Hydrology Research Data Analysis Geographical Information Systems and Analysis
Water Resources Systems Design Geotechnical Engineering Design of Flood and Drainage Systems Elective 1
SECOND YEAR
Masters Research Theory and Practice Engineering and Environmental Masters Design Project Elective 2
NBE Masters Research Project Elective 3 Elective 4

### WE ALSO OFFER

**Graduate Diploma in Engineering (Engineering Management)**

**Masters by Research**

**Doctor of Philosophy (PhD)**

## SCIENCE & BUILT ENVIRONMENTS

### Master of Environmental Science

[unisa.edu.au/enviro](http://unisa.edu.au/enviro)

*Nested with: Graduate Certificate in Environmental Science (LCES), Graduate Diploma in Environmental Science (LGES)*

 Mawson Lakes Campus	 February and July intakes
 2 years full-time	IELTS Total .....6.5 IELTS Reading .....6.0 IELTS Writing .....6.0
 A\$34,800 pa* indicative 2020	

PROGRAM CODE: **LMEV** | CRICOS CODE\*: **058635G**

\*see pages 104–106 for details

Develop advanced and integrated knowledge in sustainability, natural resources and geospatial sciences. Designed for environmental scientists and managers, this qualification will help further your expertise in natural and water resources management. Explore the theory and practice of managing and sustaining our natural and built environment through core courses and advanced electives. Build your understanding of managing resources within a sustainability framework, applying systems thinking, spatial data management and analysis, and complex project management. Complete a major industry research project, focusing on a real-world issue or challenge. Engage with world-class researchers and focus on improvements and innovations in sustainable principles and environmental practices.

### CAREERS

Natural resource manager / environmental manager / environmental management consultant / environmental planner / sustainability adviser / environmental policy adviser / environmental scientist / project manager / researcher

### ENTRY REQUIREMENTS

- Bachelor degree, graduate certificate or graduate diploma in a relevant discipline (typically including science, engineering, environmental studies or management) from a recognised higher education institution, or equivalent qualification.
- Some applicants may be eligible for Advanced Standing and can complete the program in one year of full-time study.
- Applicants with qualifications in other disciplines are encouraged to apply and will be assessed on a case-by-case basis.

### DEGREE STRUCTURE

FIRST YEAR
Arid Land Environments Valuing the Environment Elective 1 Elective 2
Community Partnerships Natural Resource Management Environmental Impact Assessment N Elective 3
SECOND YEAR
Masters Research Theory and Practice Engineering and Environmental Masters Design Project Elective 4
NBE Masters Research Project Elective 5 Elective 6

### Master of Quantity Surveying

[unisa.edu.au/construction](http://unisa.edu.au/construction)

 City East Campus	 February and July intakes
 2 years full-time	IELTS Total .....6.5 IELTS Reading .....6.0 IELTS Writing .....6.0
 A\$34,800 pa* indicative 2020	

PROGRAM CODE: **IMQS** | CRICOS CODE\*: **092658G**

\*see pages 104–106 for details

Prepare for a career in quantity surveying, estimating and tracking costs for construction projects from feasibility through to completion. Develop critical skills in post-construction activities including tax depreciation schedules, replacement cost estimation for insurance purposes and, if necessary, mediation and arbitration. Graduate with advanced financial and project management skills needed to work on large-scale and multi-disciplinary construction projects, along with effective communication skills to work alongside architects, engineers, contractors, suppliers, accountants, insurance underwriters, solicitors, developers and financiers. Gain valuable practical experience by applying theoretical concepts to workplace applications using real data collected from the construction industry. Complete a major industry research project, focusing on a real-world issue or challenge.

**CAREERS**

Quantity surveyor / cost manager / estimating manager / project manager / operations manager / construction economist / construction manager / contract manager / consultant

**ENTRY REQUIREMENTS**

- Bachelor degree in construction management or a relevant discipline (typically including architectural studies, interior architecture, civil engineering, built environments and building) from a recognised higher education institution, or equivalent qualification; or
- Graduate certificate or graduate diploma in construction/project management or a relevant discipline (as listed above) from a recognised higher education institution.
- Some applicants may be eligible for Advanced Standing and can complete the program in one year of full-time study.
- Applicants with qualifications in other disciplines are encouraged to apply and will be assessed on a case-by-case basis.

**DEGREE STRUCTURE**

**FIRST YEAR**

Quantity Surveying Practice 2  
Principles of Project Management  
Project Risk Management  
Project Governance and Ethics

---

Advanced Quantity Surveying  
Economic, Social and Environmental Analysis  
Advanced Construction Management  
Project Control Methods

**SECOND YEAR**

Portfolio and Program Management  
Strategy in Project Organisations  
Construction Business Management  
Masters Research Theory and Practice

---

Construction Claims and Disputes Resolution  
Commercial Contract Management  
NBE Masters Research Project

**Master of Project Management**

[unisa.edu.au/projectmanagement](http://unisa.edu.au/projectmanagement)

Nested with: Graduate Diploma in Project Management (IGBP)

 City East Campus	 February and July intakes
 2 years full-time	IELTS Total.....6.5 IELTS Reading.....6.0 IELTS Writing .....6.0
 A\$34,800 pa* indicative 2020	

PROGRAM CODE: **IMPA** | CRICOS CODE\*: **081832M**

\*see pages 104–106 for details

Graduate with a qualification endorsed by the Australian Institute of Project Management and apply key learnings across a wide range of industries, businesses and government departments. Study the fundamentals of project management and gain an advanced understanding of risk management, leadership, strategy and international best practice. Develop the skills to apply practical project management methodologies, work in interdisciplinary project teams and manage

projects from inception to delivery. Learn how to establish a project, prepare project plans to meet objectives and requirements, select appropriate management tools for monitoring and controls, and communicate effectively to various stakeholders. Complete a major integrated research project, which can focus on a real issue within your workplace. Benefit from coursework based on the industry-standard *A Guide to the Project Management Body of Knowledge (PMBok® Guide)*.

**CAREERS**

Qualified project managers can work across a wide range of industries, including:

Information technology / construction / engineering / health / defence / finance / mining and resources / biopharmaceuticals / the arts / communications and media / education / government / not-for-profit

**ENTRY REQUIREMENTS**

- Bachelor degree from a recognised higher education institution; or
- Graduate certificate or graduate diploma in project management from a recognised higher education institution.

**DEGREE STRUCTURE**

**FIRST YEAR**

Principles of Project Management  
Project Risk Management  
Procurement and Contract Management  
Project Governance and Ethics

---

Project Control Methods  
Project Leadership and Teams  
Economic, Social and Environmental Analysis  
Masters Research Theory and Practice

**SECOND YEAR**

NBE Masters Research Project  
Portfolio and Program Management  
Strategy in Project Organisations

---

Managing Complexity in Projects  
Professional Practice Project  
Business Continuity Management Systems  
Elective 1

**WE ALSO OFFER**

**Graduate Certificate in Environmental Science**

**Graduate Diploma in Project Management**

**Graduate Diploma in Project Management (Contract Management)**

**Graduate Diploma in Environmental Science**

**Master of Applied Project Management**

**Master of Applied Project Management (Contract Management)**

**Masters by Research**

**Doctor of Philosophy (PhD)**

# ADMISSIONS INFORMATION

---

Undergraduate

Postgraduate

Research

---

## WHAT YOU NEED

*For undergraduate admissions, you will need to have completed one of the following:*

- » *An Australian Year 12 or equivalent international program; or*
- » *A recognised Foundation Studies program; or*
- » *A SAIBT, Eynesbury, TAFE or other recognised tertiary pathway program.*

To apply, visit [unisa.edu.au/international/apply](https://unisa.edu.au/international/apply)

---

## AUSTRALIAN TERTIARY ADMISSION RANK (ATAR)

If you are an international student studying the Australian Year 12 curriculum in Australia or offshore, entry to our undergraduate degrees is determined by a Selection Rank score, which is provided for every program. The Selection Rank is your Australian Tertiary Admissions Rank (ATAR) including any Adjustment Factors (formerly known as Bonus Points). Applications for entry are completed through the South Australian Tertiary Admissions Centre (SATAC).

For more information, and to apply, visit [satac.edu.au](https://satac.edu.au)

---

## STUDY CREDIT

If you are an international student (onshore or offshore) and have completed previous studies at university, in a diploma program or an equivalent post-secondary qualification, you may be eligible to receive study credit, exemptions or advanced standing towards your degree. You may also be considered for credit if you have work experience in an area relevant to your studies.

To check your eligibility, visit [creditassessor.unisa.edu.au](https://creditassessor.unisa.edu.au)

# ENGLISH LANGUAGE REQUIREMENTS

This table sets out the minimum English language requirements for entry into our degrees (but should be used as a guide only). Many degrees require higher international English language proficiency scores, so you will need to check the specific score for your preferred program.

Applicants from countries where English is an official language, or who have recent study experience in an English setting, may be eligible to use this to meet the English language proficiency requirement. Certified documentation is required. We will consider all applications on a case-by-case basis.

For more information, visit [unisa.edu.au/english-language-requirements](http://unisa.edu.au/english-language-requirements)

English language test scores
<p><i>English language test results are generally valid for two years prior to your date of commencement at the University of South Australia.</i></p>
<p><b>IELTS (International English Language Testing System) (Academic)</b> 6.0 overall with a 6.0 in Reading and Writing</p>
<p><b>University of Cambridge ESOL (English for Speakers of Other Languages) examination</b> Certificate of Proficiency in English.....169 Certificate in Advanced English.....169</p>
<p><b>TOEFL (Test of English as a Foreign Language)</b> iBT (Internet-based test).....60 with Reading and Writing not less than 18 PBT (Paper-based test)..... 550 with TWE (Test of Written English) of 4.5</p>
<p><b>PTE (Pearson Test of English) Academic</b> 50 with Reading and Writing communicative score not less than 50</p>
English language program scores
<p><b>Successful completion of the Centre for English Language at the University of South Australia (CELUSA) Academic English Program</b> Level 4</p>
<p><b>TAFE SA English for Academic Purpose 20 (EAP 20)</b> Credit</p>
Other qualifications
<p>Successful completion of a secondary qualification in Australia within the last two years; <i>or</i></p> <p>Successful completion of at least one year of tertiary study in Australia within the last two years; <i>or</i></p> <p>Successful completion within the last two years of one year of secondary or tertiary study undertaken in English, in a country where English is widely used, as determined by the University.</p> <p><i>The University maintains information on countries where English is commonly used and which satisfy the above criteria. This can include particular educational institutions within a non-English speaking country where English is the language of instruction.</i></p>

# ADMISSION REQUIREMENTS BY COUNTRY

A summary of the minimum entry requirements by country for 2020 admission.

Country	Qualifications	Minimum Entry Requirements
Australia	Year 12 or Foundation Studies program or Diploma	Year 12: Selection Rank (ATAR) of at least 65. See Note 4 Foundation Studies program: assessed on a case-by-case basis
Argentina	Bachillerato	See Note 1
Azerbaijan	Certificate of Secondary Education	See Note 1
Bangladesh	Higher Secondary Certificate	Successful completion of Higher Secondary School Certificate (HSC) with a minimum grade point average of 3.5 out of 5
Bhutan	Successful completion of a Bhutan Higher Secondary Education Certificate (BHSEC) OR Indian Higher Secondary School Certificate (10+2)	Aggregate of at least 60 per cent in best four subjects (excluding any local languages)
Botswana	UK Board GCE A Levels	See Note 2
Brazil	Título de Técnico	Assessed on a case-by-case basis
Brunei	UK board GCE A Levels	See Note 2
Cambodia	Cambodian Baccalaureate/Diploma of Upper Secondary Education	See Note 1
Canada	British Columbia Certificate of Graduation (Dogwood Diploma)	Entry: Best 4 Grade 12 subjects, and the compulsory subject 'English 12'.
	Ontario Secondary School Diploma (OSSD)	Entry: Best six Grade 12 University Preparation 4U courses or 4M University/College Preparation courses.
		Each province/territory has its own High School Certificate and is assessed individually.
Chile	Licencia de Educación / Enseñanza Media	See Note 1
China	Senior Middle Three plus National University Entrance Exam (Gaokao) Senior Middle Three	Assessed on a case-by-case basis See Note 1
Colombia	Secondary School Certificate (Bachiller/Bachillerato)	See Note 1
Denmark	Upper Secondary School Diploma (Studentereksamen)	Assessed on a case-by-case basis
Ecuador	Bachillerato	See Note 1
Egypt	General Secondary Education Certificate	See Note 1
England	GCE A Levels	See Note 2
Fiji	7th Form Certificate Fiji School Leaving Certificate OR 6th Form Certificate plus one year of undergraduate study OR the University of the South Pacific Foundation year	Assessed on a case-by-case basis
Finland	Ylioppilastutkinto/studentexamen (Matriculation Examination)	Assessed on a case-by-case basis
France	French Baccalaureate	Assessed on a case-by-case basis
Germany	Zeugnis der Allgemeinen Hochschulreife/Abitur	Minimum grade average of 3.0
Ghana	GCE A Levels OR West African Senior School Certificate (WASSC)	See Note 2 OR WASSC with an overall score of 18 or less based on the best six subjects
Hong Kong, SAR	HKDSE OR GCE A Levels	HKDSE is based on best of 5 subjects (Category A only) from any core or elective subject combination where Level 5**=6pts, 5*=5.5, 5=5, 4=4, 3=3, 2=2, 1=1. Minimum Level 2 is required for Core subjects. Specific subject requirements apply for specified programs. GCE A Levels: see Note 2.
Iceland	Stúdentspróf (academic) (Matriculation Certificate)	Assessed on a case-by-case basis
India	All India Senior School Certificate, Indian School Certificate, Higher Secondary School Certificate, Senior Secondary School Certificate, Intermediate Certificate, Pre-University Certificate	Successful completion of Senior Secondary Certificate (10+2) with an average of at least 60 per cent in best four subjects (excluding any local languages)
Indonesia	SMA 3 plus the National Exam	Satisfactory completion of the Secondary School Certificate of Graduation (SKHUN/STK) with an average score of 65 per cent, excluding all local language and non-academic subjects
International Baccalaureate (IB) Diploma	IB	Minimum grade point average (GPA) of 26 in best six subjects. Some programs require a higher GPA – go to <a href="http://study.unisa.edu.au">study.unisa.edu.au</a> to find your preferred program and specific entry requirements.
Iran	Pre-University Certificate, National High School Diploma	Successful completion of the Pre-University Certificate OR High School Diploma: see Note 1.
Ireland, Republic of	Leaving Certificate (Higher Level)	Assessed on a case-by-case basis
Ireland, Northern	GCE A Levels	See Note 2
Italy	Diploma di Maturità, Diploma di Esame di stato or Diploma Liceale	Assessed on a case-by-case basis
Japan	Upper Secondary Leaving Certificate	Minimum average of 80 per cent
Jordan	General Secondary Education Certificate	See Note 1
Kenya	Kenyan Certificate of Secondary Education (KCSE). UK Board GCE A Levels	Grade average of B. See Note 2.
Korea, Republic of	Completion of Senior High School Diploma	See Note 1
Kuwait	General Secondary Education Certificate OR Secondary School Certificate	See Note 1
Laos	Laos Baccalaureate OR Upper Secondary School Diploma	See Note 1
Lebanon	General Secondary Certificate OR Technical Baccalaureate	Assessed on a case-by case basis
Macau, SAR	GCE A Levels	See Note 2

Country	Qualifications	Minimum Entry Requirements
Malaysia	STPM, UEC, GCE A Levels Canadian Year 12	GCE A Level (see Note 2). STPM calculation A or A-=5pts; B+=4; B=3; B- or C+=2; C=1. Add the points scored for best of three courses attempted at one examination, not including the General Paper. UEC calculation A1=1pt; A2=2; B3=3; B4=4; B5=5; B6=6; C7=7; C8=8. Aggregate should not include Chinese or Bahasa Malaysia and/or General Paper.
Maldives	UCLES A Levels / HSC	See Note 2
Mauritius	Cambridge Higher School Certificate	See Note 2
Mexico	Título Académico de Bachiller / Diploma de Bachiller / Bachillerato General	See Note 1
Myanmar	Myanmar Matriculation/Basic Education High School (BEHS) Examination, 2 years post secondary study	See Note 1
Nepal	National Examinations Board Certificate	Successful completion of Class XII with a minimum GPA of 2.41
Netherlands	Voorbereidend Wetenschappelijk Onderwijs (VWO) (Gymnasium A/B and Atheneum A/B) Diploma	Minimum grade average of 6.0
New Zealand	National Certificate of Educational Achievement (NCEA)	Equivalent of eligibility to enter a New Zealand university with the required score equivalent to Selection Rank (ATAR). See Note 4
Nigeria	Senior School Certificate (SSC) OR West African Senior School Certificate (WASSC)	Successful completion of either the SSC or WASSC with an overall score of 18 or less based on the best six subjects
Norway	Vitnemål fra den videregående skole (Leaving Certificate from Upper Secondary School)	Minimum grade average of 2.8
Oman	General Education Diploma	See Note 1
Pakistan	GCE A Levels OR Higher Secondary School or Intermediate Certificate	See Note 2 OR minimum grade average of 75 per cent
Paraguay	Título de Bachillerato Científico	See Note 1
Peru	Certificado de Educacion secundaria Comun Completa	See Note 1
Philippines	Philippines Year 12 with a score of 80 per cent or above as well as required SAT score	See Note 3
Saudi Arabia	General Secondary Education Certificate	See Note 1
Singapore	GCE A Levels	Successful completion of three H2 subjects with a minimum score of six points (grading scale A = 5, B = 4, C = 3, D = 2, E = 1). Some programs require a higher score.
South Africa	National Senior Certificate	Successful completion with a general average grade of 5, excluding Life Orientation
Spain	Título de Bachiller	Assessed on a case-by-case basis
Sri Lanka	Sri Lankan General Certificate of Education Advanced Level and GCE A Levels	Successful completion with a minimum score of 6 (grading scale A = 5, B = 4, C = 3, S = 2). Calculation is based on the best three subjects. GCE A Levels see Note 2.
Sweden	Avgångsbetyg/Slutbetyg från Gymnasieskola (Upper Secondary School Certificate)	Minimum GPA of 12.5
Taiwan	Senior High School Diploma/Senior Vocational High School Diploma	Minimum average of 80 per cent or B average
Tanzania	NECTA (National Examinations Council of Tanzania) Advanced Certificate of Secondary Education	See Note 2
Turkey	High School Diploma	See Note 1
Thailand	Mathayom VI	Successful completion of Mathayom VI with a minimum grade point average of 3.5 plus completion of the Certificate of Secondary Education
Uganda	Uganda Advanced Certificate of Education (UACE)	See Note 2
United Arab Emirates	General Secondary Education Certificate Examination (General/Religious)	See Note 1
United States of America	Successful completion of US High School Diploma plus appropriate SAT (Scholastic Aptitude Test) or ACT (American College Test).	See Note 3
Uruguay	Bachillerato	See Note 1
Venezuela	Bachiller	See Note 1
Vietnam	Vietnamese Bang Tot Nghiep Pho Thong Trung Hoc (1975 onwards)	Successful completion with a minimum grade point average of 7.0 out of 10 – special considerations may be made for graduates of Vietnamese Gifted Schools
Zimbabwe	Zimbabwe General Certificate of Education A Levels	See Note 2

**Note 1:** Students require an additional year of study following their high school studies. This can include the successful completion of a recognised pre-tertiary program; Foundation Studies; or one year of study at a recognised tertiary or higher education institution.

**Note 2:** Students must have a minimum of six points for entry to some programs and have completed at least three 'A' Level academic subjects. Some programs require a higher score. GCE A Levels are based on the three best subjects. The scoring system is A\*=6, A=5, B=4, C=3, D=2, E=1.

**Note 3:** From March 2016, SAT is scored on a 1600 point scale. Specific SAT program scores are listed on the program charts found on page 99.

**Note 4:** Selection Rank is your Australian Tertiary Admission Rank (ATAR) including any Adjustment Factors (formerly known as Bonus Points).

# PATHWAY OPTIONS

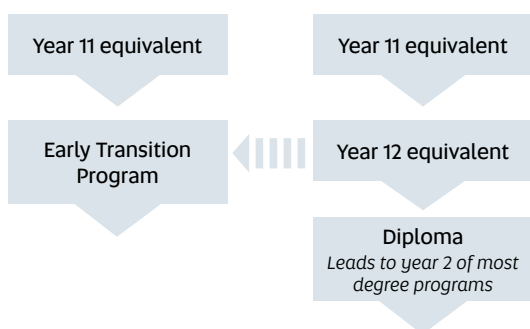

There are many alternative pathways to help you gain entry into UniSA. This includes on-campus programs delivered at City West and City East, as well as other off-campus options.

To learn more, visit [unisa.edu.au/international-pathways](http://unisa.edu.au/international-pathways)

## ON CAMPUS

### THE SOUTH AUSTRALIAN INSTITUTE OF BUSINESS AND TECHNOLOGY (SAIBT)

UNIVERSITY OF SOUTH AUSTRALIA – Year 1

UNIVERSITY OF SOUTH AUSTRALIA – Year 2

SAIBT offer an early transition program and a range of diploma programs that provide entry into over 90 undergraduate degrees at the University of South Australia (please note some programs require a competitive Grade Point Average). The SAIBT programs are an ideal alternative if you are ineligible for direct entry into your preferred degree. Successful completion of your SAIBT program will provide direct entry into either first or second year (with credit granted) of your chosen program.

#### Diplomas include:

- Diploma of Arts
- Diploma of Business
- Diploma of Engineering
- Diploma of Information Technology
- Diploma of Health Science

(w) [saibt.sa.edu.au](http://saibt.sa.edu.au)  
(e) [saibt@navitas.com](mailto:saibt@navitas.com)  
(p) +61 8 8302 2021

CRICOS provider code: SAIBT 02193C

University of South Australia

Centre for English Language

### CENTRE FOR ENGLISH LANGUAGE (CELUSA)

The Centre for English Language at the University of South Australia (CELUSA) delivers high quality academic English programs designed to prepare students from non-English speaking backgrounds for university study. CELUSA is suited for applicants who do not meet the University's English language entry requirements and offers Academic English (AE) Language preparation programs. Students who are eligible for and successfully complete an AE program (at an appropriate level) will be able to commence their studies at the University of South Australia or a pathway program through SAIBT. CELUSA is also an IELTS and OET test centre.

(w) [unisa.edu.au/celusa](http://unisa.edu.au/celusa)  
(e) [celusa@navitas.com](mailto:celusa@navitas.com)  
(p) +61 8 8302 1571

CRICOS provider code: CELUSA 02193C

### STREAMLINED VISA APPLICATION

Apply to study with one of our education partners and receive a packaged offer that allows you to apply for one student visa for the entire duration of your study under the Simplified Visa Framework (SSVF).

### CONTACT US

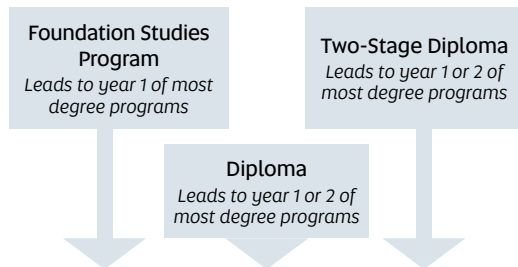

Contact our international office to find out if you are eligible for entry into a pathway program. Submit an online form at [unisa.edu.au/enquire](http://unisa.edu.au/enquire) or phone +61 8 8302 0114

## OFF CAMPUS

### EYNESBURY COLLEGE

UNIVERSITY OF SOUTH AUSTRALIA – Year 1 or 2

Eynesbury College offers a range of programs that can lead into either the first or second year of a bachelor degree at the University of South Australia.

#### *Eynesbury College programs include:*

Foundation Studies Program

Two-Stage Diploma of Business Studies and Computing & Information Technology Studies

Diploma of Business, Computing & Information Technology and Engineering

Eynesbury High School (for Years 10, 11 and 12)

Eynesbury Academy of English programs (for undergraduate and postgraduate entry)

Located in the city centre, Eynesbury College is close to our City East and City West campuses, and offers excellent teaching quality and support for students. The college is also a Pearson PTE Academic test centre.

(w) [eynesbury.navitas.com](http://eynesbury.navitas.com)

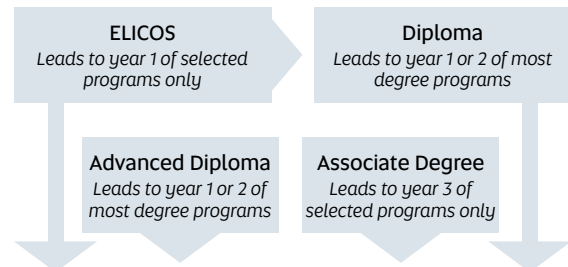

(e) [eynesbury@navitas.com](mailto:eynesbury@navitas.com)

(p) +61 8 8216 9165

CRICOS provider code: 00561M

### TAFE SA

UNIVERSITY OF SOUTH AUSTRALIA – Year 1 or 2

TAFE SA packaged programs offer you a practical way of achieving your end goal of a bachelor degree from the University of South Australia.

Successfully completing a TAFE SA Diploma, Advanced Diploma or Associate Degree provides entry into a range of Bachelor degrees, and credit for previous study can lead you directly into year 1, 2, or 3, reducing the overall study time through credit transfers.

TAFE SA English for Academic Purposes courses can provide direct entry into some degrees.

(w) [tafesa.edu.au/international](http://tafesa.edu.au/international)

(e) [international@tafesa.edu.au](mailto:international@tafesa.edu.au)

(p) +61 8 8463 5487 or

1800 049 492 (for free calls within Australia)

CRICOS provider code: 00092B

RTO code: 41026

HEP code: PRV14002

# HOW TO APPLY

## 1 Find your degree

Explore your study options in this guide or go online for more information.

[unisa.edu.au/study](https://unisa.edu.au/study)

## 2 Check admission requirements

Make sure that you meet all admission requirements including English language, academic entry, program-specific requirements and information relevant to your home country.

If you have any further questions, send an online enquiry and we will respond by the next business day.

[unisa.edu.au/enquire](https://unisa.edu.au/enquire)

## 3 Apply

**Online** – apply directly using our secure online service. You can save your application and return later to continue the process, as well as track its progress.

[unisa.edu.au/international/apply](https://unisa.edu.au/international/apply)

**Education Agents** – apply through one of our registered Education Agents. A full list is available online.

[unisa.edu.au/find-an-agent](https://unisa.edu.au/find-an-agent)

Depending on your country of citizenship, you may be required to apply through one of our registered Education Agents, unless you are already onshore in Australia. A full list is available online.

[unisa.edu.au/agent-by-country](https://unisa.edu.au/agent-by-country)

Please submit your application at least two months prior to when you want to study. Some students may require more time to ensure they receive their visa.

### SUPPORTING DOCUMENTATION

Attach the following documents to your online application to avoid delays.

- » Certified\* copies of academic transcripts and graduation certificates, including information on your institution's grading system as required;
- » English language test results (e.g. IELTS or TOEFL) where applicable;
- » Detailed syllabi/course outlines of previous studies if you are applying for credit or advanced standing;
- » Additional academic and employer references if required; and
- » A certified\* copy of the personal details page and signature page of your passport.

\*A certified copy is a copy of the original document that has been certified by an official such as a University of South Australia Education Agent or staff member, justice of the peace, notary public, police officer or examining authority.

## 4 Application assessment

You will receive an acknowledgment of your application and be notified of the outcome between one and two weeks from the date that your application and supporting documentation is received. If you are eligible for your chosen program, an offer letter package will be sent to you via email. If you are not eligible, we may suggest alternative programs or pathway studies. Your application will be assessed in accordance with the University's *Selection and Entry to Programs Policy*, which includes the guidelines on genuine temporary entry and guidelines on living costs and evidence of funds.

[unisa.edu.au/international/apply](https://unisa.edu.au/international/apply)

## 5 Accept your offer

To accept a place in your offered program, you will need to:

- » Check the offer letter package carefully to ensure all information is correct in the International Application System.
- » If all details are correct and you wish to accept your offer, log in and complete the following steps:
  1. View your offer online.
  2. Click the 'Actions' button and select 'Respond to Offer'.
  3. Ensure the offer details are correct and select 'Accept Offer'.
  4. Upload any additional documents required to meet your condition/s (if applicable).
  5. Select the box to confirm you have read, understood and agree to the terms and conditions of the offer.
  6. Enter your full name and any comments you have before clicking 'Accept Offer'.
  7. You will then be taken to the Western Union GlobalPay for Students portal where you will be instructed on how to make a payment via bank transfer or credit card.
  8. Once you have finalised your payment, your Admissions Officer will be advised so they can action your acceptance of offer.

If you have used an agent as part of your application process, your agent will be able to assist you in accepting the offer.

[student-unisa.studylink.com](http://student-unisa.studylink.com)

### STUDENT VISAS

Once you have accepted your offer, a Confirmation of Enrolment (CoE) document will be issued to you by the University, which you can then use to apply for a student visa for entry into Australia. We encourage you to apply for your student visa as soon as you receive your CoE. Pre-departure information is available in the acceptance email that is sent to you with the CoE document.

[unisa.edu.au/student-visa](http://unisa.edu.au/student-visa)

### STUDENT PAYMENTS

We proudly offer the Western Union GlobalPay for Students service to help you make payments in your preferred currency without extra fees and delays.

- ✓ **Pay your tuition fees quickly**
- ✓ **Make payments online, by bank transfer, credit card or in-person**
- ✓ **Track payments and receive status updates by text and email**

[unisa.edu.au/westernunion](http://unisa.edu.au/westernunion)

## 6 Prepare for arrival

### Enrol online

As an international student, you will be able to enrol online from any location and have the same choice as local students when organising your timetable.

### Travel bookings

Flights to Australia can be heavily booked during January, February and July, so check with your travel agent early for flight options. Do not confirm bookings until you receive your CoE document. Once you have confirmed your travel arrangements, you can request our airport pick-up service and on-arrival temporary accommodation if needed.

### Arrive on time

It is important to arrive before Orientation Week as it provides you with vital information and will give you the best possible start to university. If you are unable to arrive by the commencement date, you may have to defer your offer. Some programs have compulsory orientation.

### Orientation

We will ensure that you receive a warm welcome to Adelaide. Orientation sessions and activities introduce you to life in Adelaide and on campus. You will also have the opportunity to meet other new students.

[unisa.edu.au/predeparture-checklist](http://unisa.edu.au/predeparture-checklist)

Any questions? Visit  
[unisa.edu.au/international](http://unisa.edu.au/international)  
or phone +61 8 8302 0114

## *Get started*

Explore our wide range of world-class bachelor degrees, including programs in Aviation, Pharmacy, Interior Architecture, Property, Physiotherapy and Journalism. You can also combine two fields of study through a double degree and graduate with a competitive advantage. Browse the program chart on pages 99–100 to find the best fit for you and to check your eligibility.

## ENGLISH LANGUAGE REQUIREMENTS

This table sets out the minimum English language requirements for entry into our degrees (but should be used as a guide only). Many degrees require higher international English language proficiency scores, so you will need to check the specific score for your preferred program.

Applicants from countries where English is an official language, or who have recent study experience in an English setting, may be eligible to use this to meet the English language proficiency requirement. Certified documentation is required. We will consider all applications on a case-by-case basis.

For more information, visit [unisa.edu.au/english-language-requirements](http://unisa.edu.au/english-language-requirements)

### ENGLISH LANGUAGE HELP

The Centre for English Language at the University of South Australia (CELUSA) delivers high quality academic English programs designed to prepare students from non-English speaking backgrounds for university study. CELUSA is suited to applicants who do not meet the University's English language entry requirements and offers Academic English (AE) Language preparation programs. Students who are eligible for and successfully complete an AE program (at an appropriate level) will be able to commence their studies at the University of South Australia and will generally not be required to take the IELTS or other English Language tests. Please note that some programs will require IELTS for registration. CELUSA is also an IELTS test centre.

(w) [unisa.edu.au/celusa](http://unisa.edu.au/celusa)

(e) [celusa@navitas.com](mailto:celusa@navitas.com)

(p) +61 8 8302 1571

CRICOS provider code: CELUSA 02193C

### English language test scores

*English language test results are generally valid for two years prior to your date of commencement at the University.*

#### IELTS (International English Language Testing System) (Academic)

6.5 overall with a 6.0 in Reading and Writing

#### University of Cambridge ESOL (English for Speakers of Other Languages) examination

Certificate of Proficiency in English.....177

Certificate in Advanced English.....177

#### TOEFL (Test of English as a Foreign Language)

iBT (Internet-based test).....79 with Reading and Writing not less than 18

PBT (Paper-based test)..... 577 with

TWE (Test of Written English) of 4.5

#### PTE (Pearson Test of English) Academic

58 with Reading and Writing communicative score not less than 50

### English language programs scores

#### Successful completion of the Centre for English Language at the University of South Australia (CELUSA) Academic English Program

Level 5

#### TAFE SA English for Academic Purposes

Advanced

### Other qualifications

Successful completion within the last two years of an Australian matriculation qualification (or equivalent) undertaken in English in a country in which English is widely used, as determined by the University; or

Successful completion within the last two years of a tertiary qualification at diploma level or above and undertaken in English in Australia; or

Successful completion of at least two years of tertiary study at diploma level or above and undertaken in English within the last four years in a country in which English is widely used, as determined by the University.

*Significant and relevant work experience obtained in an English speaking setting may also be accepted at the University's discretion.*

# HOW TO APPLY

## 1 Find your degree

Explore your study options in this guide or go online for more information

[unisa.edu.au/study](https://unisa.edu.au/study)

## 2 Check admission requirements

Make sure that you meet all admission requirements including English language, academic entry, program-specific requirements and information relevant to your home country.

If you have any further questions, send an online enquiry and we will respond by the next business day.

[unisa.edu.au/enquire](https://unisa.edu.au/enquire)

## 3 Apply

**Online** – apply directly using our secure online service. You can save your application and return later to continue the process, as well as track its progress.

[unisa.edu.au/international/apply](https://unisa.edu.au/international/apply)

**Education Agents** – apply through one of our registered Education Agents. A full list is available online.

[unisa.edu.au/find-an-agent](https://unisa.edu.au/find-an-agent)

Depending on your country of citizenship, you may be required to apply through one of our registered Education Agents, unless you are already onshore in Australia. A full list is available online

[unisa.edu.au/agent-by-country](https://unisa.edu.au/agent-by-country)

Please submit your application at least two months prior to when you want to study. Some students may require more time to ensure they receive their visa.

### SUPPORTING DOCUMENTATION

Attach the following documents to your online application to avoid delays.

- » Certified\* copies of academic transcripts and graduation certificates, including information on your institution's grading system as required;
- » English language test results (e.g. IELTS or TOEFL) where applicable;
- » Detailed syllabi/course outlines of previous studies if you are applying for credit or advanced standing;
- » Additional academic and employer references if required; and
- » A certified\* copy of the personal details page and signature page of your passport.

\*A certified copy is a copy of the original document that has been certified by an official such as a University of South Australia Education Agent or staff member, justice of the peace, notary public, police officer or examining authority.

## 4 Application assessment

You will receive an acknowledgment of your application and be notified of the outcome between one and two weeks from the date that your application and supporting documentation is received. If you are eligible for your chosen program, an offer letter package will be sent to you via email. If you are not eligible, we may suggest alternative programs or pathway studies. Your application will be assessed in accordance with the University's *Selection and Entry to Programs Policy*, which includes the guidelines on genuine temporary entry and guidelines on living costs and evidence of funds.

[unisa.edu.au/international/apply](https://unisa.edu.au/international/apply)

## 5 Accept your offer

To accept a place in your offered program, you will need to:

- » Check the offer letter package carefully to ensure all information is correct in the International Application System.
- » If all details are correct and you wish to accept your offer, log in and complete the following steps:
  1. View your offer online.
  2. Click the 'Actions' button and select 'Respond to Offer'.
  3. Ensure the offer details are correct and select 'Accept Offer'.
  4. Upload any additional documents required to meet your condition/s (if applicable).
  5. Select the box to confirm you have read, understood and agree to the terms and conditions of the offer.
  6. Enter your full name and any comments you have before clicking 'Accept Offer'.
  7. You will then be taken to the Western Union GlobalPay for Students portal where you will be instructed on how to make a payment via bank transfer or credit card.
  8. Once you have finalised your payment, your Admissions Officer will be advised so they can action your acceptance of offer.

If you have used an agent as part of your application process, your agent will be able to assist you in accepting the offer.

[student-unisa.studylink.com](http://student-unisa.studylink.com)

### STUDENT VISAS

Once you have accepted your offer, a Confirmation of Enrolment (CoE) document will be issued to you by the University, which you can then use to apply for a student visa for entry into Australia. We encourage you to apply for your student visa as soon as you receive your CoE. Pre-departure information is available in the acceptance email that is sent to you with the CoE document.

## KEY

### CAMPUS CODES

CE	City East
CW	City West
ML	Mawson Lakes
M	Magill

\* This program is not available to international students studying onshore under a student visa.

## IMPORTANT INFORMATION

The University of South Australia reserves the right to alter, amend or delete any program, fee, course, admission requirement, or mode of delivery without prior notice.

For the most up-to-date program information visit: [unisa.edu.au/study](http://unisa.edu.au/study)

Please note the University calculates a Grade Point Average (GPA) on a scale from 1–7.

For more information, go to: [unisa.edu.au/gpa](http://unisa.edu.au/gpa)

### FLEXIBLE STUDY

Flexible learning options, including online study, are also offered in many programs.

For more information, visit: [unisa.edu.au/newstudents](http://unisa.edu.au/newstudents)

### FEES

Fees listed are valid for students enrolled in the 2020 academic year only. Commencing students enrolled should be aware that annual tuition fees will increase for each year of study. You will be liable for these fees upon acceptance of an offer from the University.

In the event of a variation between the fees listed here and the approved schedule of tuition fees found at [unisa.edu.au/study](http://unisa.edu.au/study), the approved university schedule will prevail.

All fees are listed in Australian dollars (A\$).

### 2020 ACADEMIC CALENDAR

SP = Study Period

#### Semester 1

SP1	13 Jan 2020 – 27 Mar 2020
SP2	2 Mar 2020 – 4 Jul 2020
SP3	6 Apr 2020 – 21 Jun 2020

#### Semester 2

SP4	29 Jun 2020 – 13 Sept 2020
SP5	27 Jul 2020 – 29 Nov 2020
SP6	21 Sept 2020 – 06 Dec 2020

SP4 (Business School only)	15 Jun 2020 – 9 Aug 2020
SP5 (Business School only)	3 Aug 2020 – 22 Nov 2020

#### Summer Term

SP7	2 Nov 2020 – 7 Feb 2021
-----	-------------------------

Please note that some programs may have a different start date. Please check your offer letter for details.

Actual teaching dates may vary some programs. It is important that students consult their timetable for exact teaching dates.

Commencement of study begins with Orientation. Please ensure your travel plans enable you to arrive in time for this.

**For international students

## KEY

### CAMPUS CODES

CE	City East
CW	City West
ML	Mawson Lakes
M	Magill

\* This program is not available to international students studying onshore under a student visa.

## IMPORTANT INFORMATION

The University of South Australia reserves the right to alter, amend or delete any program, fee, course, admission requirement, or mode of delivery without prior notice.

For the most up-to-date program information visit: [unisa.edu.au/study](http://unisa.edu.au/study)

Please note the University calculates a Grade Point Average (GPA) on a scale from 1–7.

For more information, go to: [unisa.edu.au/gpa](http://unisa.edu.au/gpa)

### FLEXIBLE STUDY

Flexible learning options, including online study, are also offered in many programs.

For more information, visit: [unisa.edu.au/newstudents](http://unisa.edu.au/newstudents)

### FEES

Fees listed are valid for students enrolled in the 2020 academic year only. Commencing students enrolled should be aware that annual tuition fees will increase for each year of study. You will be liable for these fees upon acceptance of an offer from the University.

In the event of a variation between the fees listed here and the approved schedule of tuition fees found at [unisa.edu.au/study](http://unisa.edu.au/study), the approved university schedule will prevail.

All fees are listed in Australian dollars (A\$).

### 2020 ACADEMIC CALENDAR

SP = Study Period

#### Semester 1

SP1	13 Jan 2020 – 27 Mar 2020
SP2	2 Mar 2020 – 4 Jul 2020
SP3	6 Apr 2020 – 21 Jun 2020

#### Semester 2

SP4	29 Jun 2020 – 13 Sept 2020
SP5	27 Jul 2020 – 29 Nov 2020
SP6	21 Sept 2020 – 06 Dec 2020

SP4 (Business School only)	15 Jun 2020 – 9 Aug 2020
SP5 (Business School only)	3 Aug 2020 – 22 Nov 2020

#### Summer Term

SP7	2 Nov 2020 – 7 Feb 2021
-----	-------------------------

Please note that some programs may have a different start date. Please check your offer letter for details.

Actual teaching dates may vary some programs. It is important that students consult their timetable for exact teaching dates.

Commencement of study begins with Orientation. Please ensure your travel plans enable you to arrive in time for this.

## HOW TO APPLY

### 1 Find a research area

#### **Business and Law**

- » Accounting
- » Applied Economics
- » Arts Management
- » Finance
- » Human Resource Management and Organisation Behaviour
- » International Business
- » Law
- » Management and Corporate Social Responsibility
- » Marketing
- » Property
- » Sports, Tourism and Leisure Management
- » Sustainability Governance

For more information about research possibilities, contact [PhDEnquiriesBusiness@unisa.edu.au](mailto:PhDEnquiriesBusiness@unisa.edu.au)

#### **Education, Arts and Social Sciences**

- » Architecture
- » Australian Studies
- » Cognitive Neuroscience
- » Communication
- » Creative Industries
- » Design (Industrial)
- » Design (Visual Communication)
- » Education
- » Indigenous Studies
- » Interior Architecture
- » Languages and Linguistics
- » Psychology (PhD only)
- » Social Work and Social Policy
- » Sociology
- » Visual Arts

For more information about research possibilities, contact [EASResearchStudents@unisa.edu.au](mailto:EASResearchStudents@unisa.edu.au)

#### **Health and Medical Sciences**

- » Cancer Biology
- » Health Sciences
- » Human Movement
- » Laboratory Technology (Masters only)
- » Medical Radiation
- » Medical Science
- » Nursing
- » Occupational Therapy
- » Pharmaceutical Science (Masters only)
- » Pharmacology (PhD only)
- » Pharmacy
- » Physiotherapy
- » Podiatry
- » Population Health
- » Public Health

For more information about research possibilities, contact [HSC-HealthResearch@unisa.edu.au](mailto:HSC-HealthResearch@unisa.edu.au)

#### **Engineering, Science and Technology**

- » Applied Physics
- » ATN Industry Doctoral Training Centre
- » Bioinformatics
- » Biomaterials Engineering and Nanomedicine
- » Civil Engineering
- » Computer and Information Science
- » Construction Management
- » Electrical and Information Engineering
- » Energy and Advanced Manufacturing
- » Environmental Science and Engineering
- » Environmental Science
- » Geographic Information Science
- » Mathematics
- » Mechanical and Manufacturing Engineering
- » Minerals and Resources
- » Project Management
- » Statistics
- » Systems Engineering

For more information about research possibilities, contact [research.itee@unisa.edu.au](mailto:research.itee@unisa.edu.au)

## 2 Check your eligibility

Your eligibility will depend upon the type of research degree you wish to study, as well as your prior qualifications and professional experience. Students from non-English speaking countries will also need to demonstrate their capacity to undertake study in English before being accepted into a program. The eligibility criteria listed below are the minimum requirements. Eligibility is also subject to the assessment of the proposed research, availability of a supervisor, and any research-specific requirements.

### MINIMUM ELIGIBILITY REQUIREMENTS

#### Masters

An honours degree, bachelor degree with honours, or a relevant bachelor degree (or equivalent) of at least three years with a minimum credit average, or an appropriate master degree. Qualifications will be assessed on a case-by-case basis for equivalence.

OR

No tertiary qualifications, but you can demonstrate research capabilities through evidence of professional work experience in the field of proposed study and by relevant publications.

#### Doctor of Philosophy (PhD)

Honours 1, Honours 1 equivalence, Honours 2A equivalence or an appropriate master degree (or equivalent). Qualifications will be assessed on a case-by-case basis for equivalence.

OR

Individual assessment of qualifications and research capabilities as proven through evidence of professional work experience in the field of proposed study and by relevant quality publications. The outcome of this assessment will determine the program options available to you.

#### Professional Doctorate

Honours 1, Honours 1 equivalence, Honours 2A equivalence or an appropriate master degree (or equivalent). Qualifications will be assessed on a case-by-case basis for equivalence.

OR

Individual assessment of qualifications and research capabilities as proven through evidence of professional work experience in the field of proposed study and by relevant quality publications. The outcome of this assessment will determine the program options available to you. Professional Doctorate candidates must also demonstrate at least five years practice in a relevant field, and typically within the last ten years.

## 2 Check your eligibility *continued*

### MINIMUM ENGLISH LANGUAGE REQUIREMENTS

#### English language test scores

*Results from IELTS, University of Cambridge ESOL examinations and TOEFL are generally valid for two years and must be valid at the time of commencement. For scholarships, test results must be valid at the scholarship closing date.*

#### International English Language Testing Systems (IELTS) Academic

7.0 for English language-rich programs with a minimum of 6.0 in each sub-score\*

6.5 for non-English language-rich programs with a minimum of 6.0 in each sub-score\*

*\*To check which programs are English language-rich, go to [unisa.edu.au/resdegree-english-requirements](http://unisa.edu.au/resdegree-english-requirements)*

OR

Corresponding results from an equivalent test such as Test of English as a Foreign Language (TOEFL); the University of Cambridge English for Speakers of Other Languages (ESOL); Examinations for the Certificate of Proficiency in English (CPE) or the Certificate in Advanced English (CAE); the Pearson Test; or the appropriate academic English language level delivered by the Centre for English Language at the University of South Australia (CELUSA).

Applicants from countries where English is an official language or who have had recent and relevant experience in an English setting may meet our minimum English entry requirements. Evidence must be provided.

[unisa.edu.au/resdegree-english-requirements](http://unisa.edu.au/resdegree-english-requirements)

## 3 Search for a supervisor

The University of South Australia has internationally-recognised research supervisors with expert knowledge across an impressive range of research areas. To begin your search, go to our dedicated website.

[unisa.edu.au/find-a-supervisor](http://unisa.edu.au/find-a-supervisor)

## 4 Find a scholarship

There are a variety of scholarships and funding opportunities available to help you financially throughout your studies. Scholarships are assessed on competitive merit and are awarded to the best candidates. Scholarships typically provide support for three years for PhD and Professional Doctorate candidates, and two years for students studying a master's qualification.

Scholarships have specific opening and closing dates, so make sure you read the criteria. If you are applying for a scholarship, you should indicate this when you apply for entry into your research degree through our online application system.

[unisa.edu.au/resdegrees](http://unisa.edu.au/resdegrees)

## 5 Apply

You should prepare the following before commencing your online application:

- » Two referee reports (visit [unisa.edu.au/resdegree-referee-reports](http://unisa.edu.au/resdegree-referee-reports));
- » Transcripts and parchments of completed undergraduate, honours and postgraduate programs;
- » Certification of English language proficiency;
- » Passport details or evidence of citizenship;
- » Outline of your proposed research;
- » Current Curriculum Vitae; and
- » Evidence of publications.

You will also need to know your program code. See pages 110–112 for details.

To apply, go to [unisa.edu.au/applyonline](http://unisa.edu.au/applyonline)

For more information, visit [unisa.edu.au/resdegrees](http://unisa.edu.au/resdegrees)
